Un-Trumping America Dan Pfeiffer, 2020-02-18 From the 1 New York Times bestselling author of Yes We Still Can and cohost of Pod Save America a sharp political playbook for how Democrats can take on the right wing circus dominating American politics There is nothing more important than beating Donald Trump in 2020 but defeating Trump is just the start of this timely book Un-Trumping America offers readers three critical insights first Trump is not an aberration but rather the logical extension of the modern Republican Party second how Democrats can defeat Trump in 2020 and third preventing the likes of Trump from ever happening again with a plan to fix democracy While the catalog of the president's crimes is long and growing undoing Trumpism the political platform of racism authoritarianism and plutocracy that gave rise to Trump and defines the Republican Party is a long and continuing fight Through a craven cynical strategy engineered by Mitch McConnell funded by the Kochs and fueled by Fox News propaganda Republicans have rigged American politics to drown out the voices of the people in favor of the powerful Without an aggressive response that recognizes who the Republicans are and what they have done American democracy as we know it won't survive this moment and a conservative shrinking mostly white minority will govern the country for decades Un-Trumping America dismantles toxic Trumpism and offers a way forward Dan Pfeiffer worked for nearly twenty years at the center of Democratic politics from the campaign trail to Capitol Hill to Barack Obama's White House But it was Trump's victory and Republicans' incessant aiding and abetting of Trumpism that has radicalized his thinking Here Pfeiffer urges Democrats to embrace bold solutions from fixing the courts to abolishing the electoral college to eliminating the filibuster in order to make America more democratic and Democratic Un-Trumping America is a powerful call for Democrats and progressives to get smarter tougher and more aggressive without becoming a paler shade of orange

Demonizing a President Martin A. Parlett, 2014-08-28 This groundbreaking political exposé scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country The ascendancy of the first Black president was a watershed moment in American history In response Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his presidency othering him as a foreign and dangerous political figure Never before has a presidential candidate been so maligned by so many in such a variety of ways and yet won This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it Martin A Parlett himself a former campaigner for Barack Obama examines the role identity politics and racialization played in the anti Obama movement shows how foreignization is the latest tool for political dissent and discusses the ways in which

Obama successfully used the outsider label to his own advantage The book questions the popular and often contradictory notions of Obama as illegitimate Muslim Marxist Communist socialist Kenyan terrorist and angry African American Additionally chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement concluding with the culture of distrust in the American political psyche since the events of September 11 2001

The Age of Promiscuity Doru Pop, 2018-11-15 This book presents an original and engaging look at contemporary popular culture opening with the provocative idea that this is a day and age of complete exhaustion of ideas images stories and myths Questioning the effects of content recycling in cinema and other media the author further elaborates on the repurposing of cultural junk the reassembling of narratives and myths The thought provoking hypothesis proposed in this research is that we have entered an age of cultural promiscuity By analyzing the mutations of myth making practices and connecting them with larger cultural manifestations the author explains these transformations as integral to the development of a myth illogical imagination Cinematic and mythological representations in mainstream Hollywood films have reached a point of amalgamation with no return which marks the beginning of a fourth age of representations where signs and meanings are manifested in illogical permutations This is more explicit in films that commingle aliens cowboys undead American presidents and zombie nazis joining together in the same narrative ghosts werewolves and vampires aggregating disjointed storylines and historical fake facts all coalesced in an orgy of empty burlesque and infantile masquerades This interdisciplinary research combines cultural studies film criticism art and myth interpretations bringing into the debate multiple concepts from related fields such as critical theory and media criticism The book also opens up to innovative approaches from a wide array of academic disciplines offering researchers students and those fascinated by the transformations happening in contemporary cinema an interpretative tool based on a revised dialectic approach The conclusion is that we are now victims of a zombie semiotics Meaning making in contemporary culture politics and aesthetics is dominated by a process of incessant desecration of significations specific to the total mishmash of representations analyzed here

When Comedy Goes Wrong Christopher J. Gilbert, 2025-04 While conventional wisdom has it that humor embodies a spirit of renewal and humility a dispirited form of comedy thrives in a media saturated and politically charged environment When Comedy Goes Wrong examines how beginning in the late twentieth and carrying into the early twenty first century a certain comic dispirit found various platforms for disheartening cultural politics From the calculated follies on talk radio programs like the Rush Limbaugh Show through the anticomedie in the movie Joker the charades of cancel culture the carnivalesque antics of participants in the Capitol insurrection and ultimately to so called Alt Right comedy the transgressions and improprieties and ego trips endemic to a newfangled comic freedom produced entirely unfunny ways of being To understand these unfunny ways Christopher J Gilbert challenges the prevailing belief in humor's goodness analyzing radio personalities meme culture films civil unrest and even the language of ordinary individuals and everyday speech all to demonstrate what happens when humor becomes humorless As such Gilbert puts forth a nuanced sense of humor with regard to a tumultuous world When Comedy Goes Wrong challenges assumptions about comedy's unequivocal benefits to democratic praxis It goes beyond partisanship to explore the uglier parts of American culture imagining the stakes of doing comedy and being comical as a means of survival
