The History Of Love:

History of Love Nicole Krauss, 2006-04-25 Sixty years after a book's publication its author remembers his lost love and missing son while a teenage girl named for one of the book's characters seeks her namesake as well as a cure for her widowed mother's loneliness

The History of Love Nicole Krauss, 2025-04-25 ONE OF THE MOST LOVED NOVELS OF THE DECADE A long lost book reappears mysteriously connecting an old man searching for his son and a girl seeking a cure for her widowed mother's loneliness Leo Gursky taps his radiator each evening to let his upstairs neighbor know he's still alive But it wasn't always like this in the Polish village of his youth he fell in love and wrote a book Sixty years later and half a world away fourteen year old Alma who was named after a character in that book undertakes an adventure to find her namesake and save her family With virtuosic skill and soaring imaginative power Nicole Krauss gradually draws these stories together toward a climax of extraordinary depth and beauty

Newsday *The Curious History of Love* Jean-Claude Kaufmann, 2011-12-12 The one emotion that matters most to many people is the one about which social thinkers rarely speak love For many people love is the thing that matters most in their lives they are searching for love hoping to find in love a kind of happiness that they cannot find in their work or by surrounding themselves with material goods But where does this peculiar and powerful blending together of love and happiness come from and why do we find it such a compelling idea today In this short book Jean Claude Kaufmann offers a fresh account of the history of a feeling unlike any other The modern idea of love as passion was born in the 12th century but it was marginalized by the rise of a kind of instrumental calculating reason that became increasingly central to modern societies As calculating reason began to encroach on the personal domain many individuals sought to escape from it searching for happiness elsewhere As our societies become dominated by calculating reason and selfish individualism we search elsewhere for the kind of happy love that will heal all our wounds This is why we experience so many changes of heart in our personal lives at times we are coldly calculating and then a few moments later we sacrifice ourselves to love without a second thought Written by one of France's leading sociologists this highly readable book sheds new light on love and happiness and will resonate with many readers
