Hawthorne,2020-07-30 Nathaniel Hawthorne s The House of the Seven Gables is as the author notes in a short preface to the novel a romance The story thus as Hawthorne states includes fantastical occurrences improbabilities and attempts to connect the past with the present sacrificing literal authenticity for more abstract truths The connection between the past and the present is the most pressing of Hawthorne s concerns in The House of the Seven Gables which begins with the checkered history of the eponymous house The house was constructed during the Puritan era in New England by the prominent Colonel Pyncheon He acquired the property through dubious means the property on which the house was built was originally owned by Matthew Maule a relatively obscure man who was often called a wizard Soon after Matthew Maule refused to sell the property to Colonel Pyncheon he was charged with witchcraft and burned Colonel Pyncheon led the charge against him and thus acquired the property Years later Colonel Pyncheon himself died suspiciously with a bloody hand print on his throat The Pyncheon family seemed poised to remain prominent yet the family steadily declined throughout the subsequent generations However every generation or so another Pyncheon appeared who seemed to possess Colonel Pyncheon s characteristics and would instill hope that the Pyncheons would return to their former glory once more Yet the most recent notable occurrence in the family history was the murder of a Pyncheon by his nephew years before **The House of the Seven Gables**

The House of the Seven Gables by Nathaniel Hawthorne Nathaniel Hawthorne, 2020-09-22 IN September of the year during the February of which Hawthorne had completed *The Scarlet Letter* he began *The House of the Seven Gables* Meanwhile he had removed from Salem to Lenox in Berkshire County Massachusetts where he occupied with his family a small red wooden house still standing at the date of this edition near the Stockbridge Bowl I sha n t have the new story ready by November he explained to his publisher on the 1st of October for I am never good for anything in the literary way till after the first autumnal frost which has somewhat such an effect on my imagination that it does on the foliage here about me multiplying and brightening its hues But by vigorous application he was able to complete the new work about the middle of the January following Since research has disclosed the manner in which the romance is interwoven with incidents from the history of the Hawthorne family *The House of the Seven Gables* has acquired an interest apart from that by which it first appealed to the public John Hathorne as the name was then spelled the great grandfather of Nathaniel Hawthorne was a magistrate at Salem in the latter part of the seventeenth century and officiated at the famous trials for witchcraft held there It is of record that he used peculiar severity towards a certain woman who was among the accused and the husband of this woman prophesied that God would take revenge upon his wife s persecutors This circumstance doubtless furnished a hint for that piece of tradition in the book which represents a Pyncheon of a former generation as having persecuted one Maule who declared that God would give his enemy blood to drink It became a conviction with the Hawthorne family that a curse had been pronounced upon its members which continued in force in the time of the romancer a conviction perhaps derived from the recorded prophecy of the injured woman s husband just mentioned and here again we have a correspondence with Maule s malediction in the story Furthermore there occurs in the *American Note Books* August 27 1837 a reminiscence of the author s family to the following effect Philip English a character well known in early Salem annals was among those who

suffered from John Hathorne's magisterial harshness and he maintained in consequence a lasting feud with the old Puritan official. But at his death English left daughters one of whom is said to have married the son of Justice John Hathorne whom English had declared he would never forgive. It is scarcely necessary to point out how clearly this foreshadows the final union of those hereditary foes the Pyncheons and Maules through the marriage of Phoebe and Holgrave. The romance however describes the Maules as possessing some of the traits known to have been characteristic of the Hawthornes for example so long as any of the race were to be found they had been marked out from other men not strikingly nor as with a sharp line but with an effect that was felt rather than spoken of by an hereditary characteristic of reserve. Thus while the general suggestion of the Hawthorne line and its fortunes was followed in the romance the Pyncheons taking the place of the author's family certain distinguishing marks of the Hawthornes were assigned to the imaginary Maule posterity.
