The Iliad of Homer Homer :Iliad, 2020-10-19 Translated into English Blank Verse by William Cowper. The Iliad is together with the Odyssey one of two ancient Greek epic poems traditionally attributed to Homer. The poem is commonly dated to the late 9th or to the 8th century BC and many scholars believe it is the oldest extant work of literature in the ancient Greek language making it one of the first works of ancient Greek literature. The existence of a single author for the poems is disputed as the poems themselves show evidence of a long oral tradition and hence possible multiple authors. About the author: Homer, ancient Greek. Homeros is a legendary ancient Greek epic poet traditionally said to be the author of the epic poems the Iliad and the Odyssey. The ancient Greeks generally believed that Homer was a historical individual but modern scholars are skeptical; no reliable biographical information has been handed

down from classical antiquity and the poems themselves manifestly represent the culmination of many centuries of oral story telling and a well developed formulaic system of poetic composition According to Martin West Homer is not the name of a historical poet but a fictitious or constructed name The poems are now widely regarded as the culmination of a long tradition of orally composed poetry but the way in which they reached their final written form and the role that an individual poet or poets played in this process is disputed By the reckoning of scholars like Geoffrey Kirk both poems were created by an individual genius who drew much of his material from various traditional stories Others like Martin West hold that the epics were composed by a number of poets Gregory Nagy maintains that the epics are not the creation of any individual rather they slowly evolved towards their final form over a period of centuries and in this view are the collective work of generations of poets The date of Homer s existence was controversial in antiquity and is no less so today Herodotus said that Homer lived 400 years before his own time which would place him at about 850 BC but other ancient sources gave dates much closer to the supposed time of the Trojan War For modern scholarship the date of Homer refers to the date of the poems conception as much as to the lifetime of an individual The scholarly consensus is that the Iliad and the Odyssey date from the extreme end of the 9th century BC or from the 8th the Iliad being anterior to the Odyssey perhaps by some decades i e somewhat earlier than Hesiod and that the Iliad is the oldest work of western literature Over the past few decades some scholars have been arguing for a 7th century date Those who believe that the Homeric poems developed gradually over a long period of time however generally give a later date for the poems according to Nagy they only became fixed texts in the 6th century Alfred Heubeck states that the formative influence of the works of Homer in shaping and influencing the whole development of Greek culture was recognised by many Greeks themselves who considered him to be their instructor

The Iliad of Homer Homer, 2020-09-11 ILLUSTRATED ANNOTATIONS Biography of Homer About Iliad Iliad Summary Character List Themes Summary And Analysis Books 1 4 Books 5 8 Books 9 12 Books 13 16 Books 17 20 Books 21 24 Consisting of 15 693 lines of verse the Iliad has been hailed as the greatest epic of Western civilization Although we know little about the time period when it was composed and still less about the epic's composer the Iliad's influence on subsequent generations of poets and writers is incalculable The great Aeschylus claimed that his plays consisted only of the scraps left over from Homer centuries later Virgil writing a founding myth centuries later for the great Roman Empire took Homer as his inspiration and model The influence of Homer is felt down through the centuries in Dante and Chaucer Shakespeare and Milton such is his power that men who read no word of Greek and who had no access to translations spoke of Homer and his epics with deep reverence After 2 700 years it remains unsurpassed as the West's greatest war story The Iliad has its basis in the rich mythology of Greece Knowledge of mythology can be a hindrance as well as an aid for the modern reader approaching the Iliad because the myths underwent changes and variations throughout the centuries before and after Homer Readers must take care to pay attention to the specifics of Homer's story without superimposing myths gathered from elsewhere Popularly known is the story of Achilles invulnerability with the fatal exception of his heel This myth has no place in the Iliad Achilles is as mortal as everyone else and Homer explicitly tells us that this is the case He does not owe his strength to rituals by the River Styx performed by his mother during his infancy and there is no mention of a vulnerable heel The poem does not deal with the sack of Troy or with the famous episode of the Trojan horse although the horse is alluded to in the Odyssey Another myth holds that Helen's father Tyndareus feared that Helen's beauty would bring her suitors to war To prevent war all across Greece he made the suitors all swear to stand by the man chosen to be Helen's husband in the event that she should be abducted There is no mention of this story anywhere in the Iliad And another well known story tells us that the Achaean war fleet gathered at Aulis and could not sail because of the wrath of the goddess Artemis To appease the goddess Agamemnon sacrificed his own daughter Iphigenia Again the myth is not part of Homer's story He either lived before these myths evolved or he did not find them suitable for his purposes Archeological evidence suggests that there was

a great city near the Hellespont on the site traditionally ascribed to Troy It was destroyed by war sometime around the thirteenth century BCE The Iliad probably has some basis in fact there may have been a massive campaign by Greek speaking peoples against a great city on the coast of Asia Minor Homer himself was a Greek living in one of the colonies of Asia Minor but his epics deal with a time when no Greek lived in Asia Given the evidence it seems safe to say that his work attempts to reconstruct stories from a past that was already distant In the time before written history the passage of a few centuries made accurate recall of historical events all but impossible Homer s Iliad is therefore more myth than history although many ancient Greeks understood his epics as being in some way factual The heroes of the Iliad were very real to the Greeks holding a place in their history as well as their literature and religion During the time of Alexander the Great Greeks recognized a structure in Asia Minor as the burial mound of Achilles and Patroclus and families often traced their ancestry back to heroes in the Iliad

The Odyssey (Annotated) Homer,2015-06 Tell me O muse of that ingenious hero who traveled far and wide after he had sacked the famous town of Troy Many cities did he visit and many were the nations with whose manners and customs he was acquainted moreover he suffered much by sea while trying to save his own life and bring his men safely home but do what he might he could not save his men for they perished through their own sheer folly in eating the cattle of the Sun god Hyperion so the god prevented them from ever reaching home Tell me too about all these things O daughter of Jove from whatsoever source you may know them So now all who escaped death in battle or by shipwreck had got safely home except Ulysses and he though he was longing to return to his wife and country was detained by the goddess Calypso who had got him into a large cave and wanted to marry him But as years went by there came a time when the gods settled that he should go back to Ithaca even then however when he was among his own people his troubles were not yet over nevertheless all the gods had now begun to pity him except Neptune who still persecuted him without ceasing and would not let him get home Now Neptune had gone off to the Ethiopians who are at the world s end and lie in two halves the one looking West and the other East He had gone there to accept a hecatomb of sheep and oxen and was enjoying himself at his festival but the other gods met in the house of Olympian Jove and the sire of gods and men spoke first At that moment he was thinking of Aegisthus who had been killed by Agamemnon s son Orestes so he said to the other gods This edition includes A complete biography of Homer Table of contents with direct links to chapters
