Firstenberg, 2019-12-04 Extracorporeal membrane oxygenation is an effective tool for managing patients with severe acute cardiogenic shock and or respiratory failure With emphasis on teamwork and adherence to guidelines protocols and objective tools to assist in patient selection management and weaning outcomes have improved Nevertheless every aspect of supporting patients who require extracorporeal support remains a challenge with many unanswered questions The goal of this text as a supplement to the previous editions on this rapidly evolving topic is to provide the reader with a more in depth review of some of the ongoing issues in this field Topics ranging from administrative aspects to developing a program nursing issues ethical concerns and a variety of clinical topics are discussed at length

Mundane Objects Pierre Lemonnier, 2012-10-31 This concise book shows the importance of objects that are considered ordinary by cultural outsiders and scholars yet lie at the heart of the systems of thought and practices of their makers and users This volume demonstrates the role of these objects in non verbal communication both in non ritual and in ritual situations Lemonnier shows that some objects their physical properties and their material implementation are wordless expressions of fundamental aspects of a way of living and thinking as well as sometimes the only means of expressing the inexpressible Through the study of the most mundane technical activities such as fence building creating models cars or trapping fish we often gain a better understanding of what these objects mean and how they work within their cultures of

origin In addition to anthropologists and archaeologists this book will also be of interest to sociologists historians philosophers cognitive anthropologists and primatologists for whom the intertwining of function and style is the very mark of all cultural behavior **The Publishers Weekly** ,1920 [Introduction to Translational Cardiovascular Research](#) Dennis V. Cokkinos,2014-11-06 The term Translational Research reflects today s integration of basic research bench findings with the clinical practice of medicine and in a wider scope the application of results from the individual patient bedside to entire populations for the improvement of public health This book offers future researchers a stimulus in many aspects of cardiovascular research so as to promote their interest in future fields of cardiovascular disease diagnosis and treatment Introduction to Translational Cardiovascular Research discusses the fundamental and important aspects of the topic It describes the renin angiotensin aldosterone system the beta adrenergic receptors and the hypothalamic pituitary adrenal axis while covering genetic polymorphisms both generally and specifically as regards the vascular endothelium and the use of microRNAs As such this book will be relevant to young physicians nurses and other scientists engaged in the clinical cardiovascular field who want to added research oriented dimension to their efforts towards better understanding and practicing of medicine It also aims to attract young basic researchers who want to develop a better comprehension of the organism as a whole man or animal that they are investigating **The Palgrave Handbook of Feminist, Queer and Trans* Narrative Studies** Vera Nünning,Corinna Assmann,2025-07-09 The Palgrave Handbook of Feminist Queer and Trans Narrative Studies provides a comprehensive overview of the intersection between narrative theory and feminist queer and trans theory Bringing together eminent and emerging scholars from a range of disciplines it foregrounds connections between new views on gender and recent developments in narratology The first section outlines key concepts for the study of narrative and gender and features theory oriented chapters on what it means for the study of narrative to go beyond gender binaries The middle sections cover some of the currently most influential fields of narratology and literary theory cognitive and eco narratology postcolonial studies as well as concepts that are central to both narrative and gender studies such as affect and performativity The last section explores the meaning of gender in various genres and media formats from science fiction and trans autobiographies to film TV and social media This field changing volume shows how the proliferation of new ways to think about gender identity and sexuality demands a strong reconsideration of narratological methodologies Chapter 23 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)
