Publishers Weekly A thoughtful approach to a vital topic. Library Journal Christians are awakening to the legacy of racism in America like never before. While public conversations regarding the realities of racial division and inequalities have surged in recent years so has the public outcry to work toward the long awaited healing of these wounds. But American Christianity with its tendency to view the ministry of reconciliation as its sole response to racial injustice and its isolation from those who labor most diligently to address these things is underequipped to offer solutions. Because of this the church needs a new perspective on its responsibility for the deep racial brokenness at the heart of American culture and on what it can do to repair that brokenness. This book makes a compelling historical and theological case for the church's obligation to provide reparations for the oppression of African Americans. Duke Kwon and Gregory Thompson articulate the church's responsibility for its promotion

and preservation of white supremacy throughout history investigate the Bible's call to repair our racial brokenness and offer a vision for the work of reparation at the local level. They lead readers toward a moral imagination that views reparations as a long overdue and necessary step in our collective journey toward healing and wholeness. Gathered in my Name William T. Cavanaugh, 2020-12-28 This volume differs from many quincentennial discussions of the Protestant Reformation and ecumenical scholarship more generally in that it shifts the focus from Europe and the West to the global South where ecumenism's promises and challenges are quite different. In postcolonial and post-missionary Africa, the churches continue to expand; competition among denominations is lively, and Christian rivalry with Islam is often a reality. In Latin America, Protestants have severely eroded the Catholic Church's hegemony originally forged in the zeal of the Counter Reformation to combat the perceived errors of Luther and Calvin. In India, the Christian churches are a tiny beleaguered minority facing an increasingly militant Hindu nationalism. These essays pay close attention to the different contexts of intra-Christian relationships worldwide, the actual situation on the ground. If ecumenism will succeed, it cannot be simply a matter of experts at a conference attempting to agree about doctrines abstracted from the contexts in which they were forged, the contexts in which doctrinal disagreements caused ecclesial ruptures, or the contexts in which Christians continue to live out our divided existence. This volume attempts to be sensitive to the lived experience of divided Christians in whatever part of the world they find themselves.
