Badiou Ursula Vooght, 2023-12-21 The subject of this book is a consideration of the usefulness of the concept of fidelity put forward by the philosopher Alain Badiou in the discussion of film adaptation Fidelity or faithfulness is primarily a consideration that emerges in relation to so called canonical texts in adaptation Fitzgerald's The Great Gatsby occupies a position of global recognisability and within the United States cultural mythology that has triggered strong reactions to the four Hollywood adaptations The various adaptations allow for the differing approaches to the adaptation of this novel to be

meaningfully explored The film adaptations paratextual elements will be discussed in order to show how these acted as limiting lenses The strategies of the films for handling elements of Fitzgerald s prose and themes will be compared across the adaptations This will culminate in an assertion of the worth of a larger application of a Badiouian fidelity within the field

Cortical Evolution in Primates Steven P. Wise,2023-12-21 Cortical Evolution in Primates provides a stand alone resource for neuroscience graduate students and established neuroscientists who have an interest in cortical evolution and primates Discussions of both cortical evolution and primates often rely on terms and concepts unfamiliar to many neuroscientists but such readers will have no need to look elsewhere to understand the text or figures in this book As well as reviewing the pertinent terminology and taxonomy Wise explores the palaeontology adaptations and paleoecology of primates Through summarizing a neglected source of data fossil primates the book harnesses the power of comparative neuroanatomy to examine how cortical maps changed during private evolution including nine proposals on why the cortex changed Together these topics inform a full understanding of cortical evolution in primates Wise concludes that the cortex expanded more recently than most neuroscientists suspect and it happened many times Furthermore cortical expansion occurred independently in several major primate lineages as ancestral primates adapted to the ecosystems of their time and place Natural selection favored the expansion of cortical areas with neural representations that provided a selective advantage to ancestral primates in those times and those places

Teachable Moments Dennis M. Fare,Allison Coyle,2017-02-15 Teachable Moments will look at various pieces of the vocation of what it means to be a teacher in our school buildings today through all of the most impactful reforms on the fabric of American education As administrators we see the push for the need to create data tables and pie charts in an attempt to make conclusions about improving instructional practices to encourage student performance Some things many moments cannot be quantified however So where do we begin There is absolutely no singular starting point but the experience of the teaching practitioner is vast and goes far beyond that which can be measured numerically Our vocation and its many ups and downs often cannot be assigned a neat number This book will examine the ways in which school districts approach these educational changes through the lens of the teacher From one on one teacher interactions with each other to those memorable moments with students this book will be a collection of rich essays that capture the experience of the newer teacher

Yuh,2025-09-29 How someone sees Scripture directly correlates with how one sees life If Jesus Christ is seen organically and meaningfully in every part of Scripture then he will be seen that way in every aspect of life As lofty as that might sound the inverse is also true if it is a struggle to see Christ organically and meaningfully in various parts of Scripture then it will be a struggle to see him that way in various aspects of life The purpose of this book is to help readers engage in God s word so that Christ is beheld in every part of both Scripture and life by offering an approach to Scripture that is from Scripture itself Thus the heart of this approach is to engage in God s word as he himself intends As a result readers will see that all of Scripture is grounded saturated and culminating in Christ alone and in turn that all of life is grounded saturated and culminating in Christ alone
