**The Green Fairy Book** Andrew Lang, 2010-10-29 Andrew Lang's urge to collect and publish fairy tales was rooted in his own experience with the folk and fairy tales of his home territory along the English Scottish border When Lang began his efforts he was fighting against the critics and educationists of the day who judged the traditional tales unreality brutality and escapism to be harmful for young readers while holding that such stories were beneath the serious consideration of those of mature age Over a generation Lang's books worked a revolution in this public perception The Green Fairy book was written in 1892 This book contains a rich range of classic fairy tales including The Blue Beard The Three Little Pigs and The Story of the Three Bears No matter how far it has traveled whether courtly entertainment or rustic yarn each fairytale contains its lessons as well as its adventures in Charles Deulin's The Little Soldier a soldier learns that an honest fishergirl is preferable to a greedy princess and in Madame D'Aulnoy's The Blue Bird a King and Queen learn the importance of trusting each other

**The Green Fairy Book (Classic Reprint)** Andrew Lang, 2015-07-16 Excerpt from The Green Fairy Book Some of the stories were made not only to amuse but to teach goodness You see in the tales how the boy who is kind to beasts and polite and generous and brave always comes best through his trials and no doubt these tales were meant to make their hearers kind unselfish courteous and courageous This is the moral of them But after all we think more as we read them of the diversion than of the lesson There are grown up people now who say that the stories are not good for children because they are not true because there are no witches nor talking beasts and because people are killed in them especially wicked giants But probably you who read the tales know very well how much is true and how much is only make believe and I never yet heard of a child who killed a very tall man merely because Jack killed the giants or who was unkind to his stepmother if he had one because in fairy tales the stepmother is often disagreeable If there are frightful monsters in fairy tales they do not frighten you now because that kind of monster is no longer going about the world whatever he may have done long long ago He has been turned into stone and you may see his remains in museums Therefore I am not afraid that you will be afraid of the magicians and dragons besides you see that a really brave boy or girl was always their master even in the height of their power About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections

The Green Fairy Book Andrew Lang, 2018-04-28 This is the third and probably the last of the Fairy Books of many colours First there was the Blue Fairy Book then children you asked for more and we made up the Red Fairy Book and when you wanted more still the Green Fairy Book was put together The stories in all the books are borrowed from many countries some are French some German some Russian some Italian some Scottish some English one Chinese However much these nations differ about trifles they all agree in liking fairy tales The reason no doubt is that men were much like children in their minds long ago long ago and so before they took to writing newspapers and sermons and novels and long poems they told each other stories such as you read in the fairy books They believed that witches could turn people into beasts that beasts could speak that magic rings could make their owners invisible and all the other wonders in the stories Then as the world became grown up the fairy tales which were not written down would have been quite forgotten but that the old grannies remembered them and told them to the little grandchildren and when they in their turn became grannies they remembered them and told them also In this way these tales are older than reading and writing far older than printing The oldest fairy tales ever written down were written down in Egypt about Joseph s time nearly three thousand five hundred years ago Other fairy stories Homer knew in Greece nearly three thousand years ago and he made them all up into a poem the Odyssey which I hope you will read some day Here you will find the witch who turns men into swine and the man who bores out the big foolish giant s eye and

the cap of darkness and the shoes of swiftness that were worn later by Jack the Giant Killer These fairy tales are the oldest stories in the world and as they were first made by men who were childlike for their own amusement so they amuse children still and also grown up people who have not forgotten how they once were children     The Green Fairy Book (Esprios Classics) Andrew Lang,2021-06-16 The Langs Fairy Books are a series of 25 collections of true and fictional stories for children published between 1889 and 1913 by Andrew Lang and his wife Leonora Blanche Alleyne The best known books of the series are the 12 collections of fairy tales also known as Andrew Lang s Coloured Fairy Books or Andrew Lang s Fairy Books of Many Colors In all the volumes feature 798 stories besides the 153 poems in The Blue Poetry Book Andrew Lang 1844 1912 was a Scots poet novelist and literary critic He initially edited the series and wrote prefaces for its entire run while his wife the translator and author Leonora Blanche Alleyne 1851 10 July 1933 known to friends and family as Nora assumed editorial control of the series in the 1890s     The Green Fairy Book Annotated(illustrated Edition) Andrew Lang,2021-05-31 The Green Fairy Book was the fourth of the series of Fairy Books by Andrew Lang Stories in this collection include The Blue Bird The Enchanted Watch Rosanella The Enchanted Snake The Dirty Shepherdess King Kojata The Golden Lads The Three Little Pigs The Magic Swan Spindle Shuttle and Needle The Twelve Huntsmen and many more     The Green Fairy Book Andrew Lang,2025-01-09 Journey into the third enchanting volume of Andrew Lang s beloved fairy tale collection where magic blooms in every story and wonder awaits at every turn This final treasure trove in the original color series brings together the most captivating tales from around the world each one carefully selected for its power to transport readers to realms of endless possibility Meet the beautiful Princess Fiordelisa and the Blue Bird who was once King Charming their love tested by jealous queens and wicked fairies until true devotion conquers all Follow the adventures of the Half Chick whose selfishness leads to a most unexpected fate atop the highest steeple in Madrid teaching generations of children about kindness and consequence Witness the transformation of the Caliph of Baghdad and his Grand Vizier as they become storks learning that magic can be both blessing and curse while the cunning screech owl holds the key to their salvation Marvel at Prince Jenik s magical watch that grants every wish and discover how true happiness cannot be bought with all the treasures in the world From French ch teaux where fairy godmothers bestow miraculous gifts to Spanish villages where humble cow boys dream of princesses to distant kingdoms where love transcends every obstacle these stories weave universal themes of courage compassion and the triumph of good over evil Here are tales of clever cats and loyal dogs of princesses who hide their beauty and princes who must learn constancy of magic mirrors and enchanted gardens where the smallest acts of kindness bloom into the greatest rewards Lang s masterful collection spans the globe drawing from French German Russian Italian Scottish English and Chinese traditions proving that the human heart speaks the same language everywhere These are the stories that shaped childhood imagination for generations tales old as civilization itself yet fresh as tomorrow s dreams The Green Fairy Book offers readers both familiar favorites and hidden gems each story polished to

perfection and presented with the elegant simplicity that has made Lang's collections timeless classics      **The Green Fairy Book (Annotated Edition)** Andrew Lang, 2021-07-26 The Green Fairy Book was the fourth of the series of Fairy Books by Andrew Lang.
