Oliver, 2025-04-15 Robert E Howard 1906-1936 is most widely known today as the creator of Conan the Cimmerian more popularly referred to as Conan the Barbarian However he also wrote across a wide array of genres for the pulp magazines of the 1920s and 1930s including westerns sports stories boxing adventures supernatural horror and even humor Howard also created many other popular characters such as King Kull Bran Mak Morn Solomon Kane Steve Costigan and Breckenridge Elkins More importantly he created two specific subgenres of fiction sword and sorcery sometimes referred to as heroic fantasy and weird westerns Born and raised in Texas Robert E Howard began his writing career after his family settled in the small Central Texas town of Cross Plains His first professional sale came from the pulp magazine *Weird Tales* in 1925 and over the next eleven years he wrote hundreds of stories and an equal number of poems With this prolific body of stories he was among the most lauded pulp authors of that era It has been said and rightly so that the secret to his success was that there was a bit of Howard in every one of his characters and because Howard was a Texan even Conan shows elements of the Texan in his persona Robert E Howard *The Life and Times of a Texas Author* details the many trials and tribulations he faced as he became and remained a full-time writer while dealing with an aging father and caring for a mother who was dying of tuberculosis The book both chronicles his personal life and demonstrates how the one driving

force in Robert E Howard's life forming the foundation for all of his characters and stories was his personal pursuit of freedom. He lived for his freedom; he wrote as a means to attain that freedom, and while it may sound strange, he also died tragically by his own hand in that very same pursuit at the young age of 30. **The Dark Barbarian** Don Herron, 1984-12-01

This is the definitive critical anthology on the writings of Texan Robert Howard, the originator of Sword & Sorcery fantasy and also of Conan The Barbarian. The essays survey Howard's work in fantasy, westerns, poetry, and supernatural horror tales.

The Best of Robert E. Howard Volume 1 Robert E. Howard, 2007-08-14 Robert E. Howard is one of the most famous and influential pulp authors of the twentieth century. Though largely known as the man who invented the sword and sorcery genre and for his iconic hero Conan the Cimmerian, Howard also wrote horror tales, desert adventures, detective yarns, epic poetry, and more. This spectacular volume, gorgeously illustrated by Jim and Ruth Keegan, includes some of his best and most popular works. Inside, readers will discover or rediscover such gems as *The Shadow Kingdom* featuring Kull of Atlantis and considered by many to be the first sword and sorcery story; *The Fighting Pair*, part of one of Howard's most successful series chronicling the travails of Steve Costigan, a merchant seaman with fists of steel and a head of wood; *The Grey God*, a haunting tale about the passing of an age told against the backdrop of Irish history and legend; *Worms of the Earth*, a brooding narrative featuring Bran Mak Morn, about which H. P. Lovecraft said, "Few readers will ever forget the hideous and compelling power of this macabre masterpiece, a historical poem relating a momentous battle between Cimbri and the legions of Rome"; and *Sharp's Gun Serenade*, one of the last and funniest of the Breckinridge Elkins tales. These thrilling, eerie, compelling swashbuckling stories and poems have been restored to their original form, presented just as the author intended. There is little doubt that after more than seven decades, the voice of Robert E. Howard continues to resonate with readers around the world. *Catalog of Copyright Entries. Reveals the Greys' nature as sophisticated, self-aware machines created by a long-vanished extraterrestrial civilization. Explains how their quest to capture human souls appears in the historical record from biblical times. Explains how the phenomenon of racism is a by-product of their genetic tampering. In 1997, Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth, explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization; they have long since outlived. In this new book, Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not: souls. Through the manipulation of human DNA, these aliens hope to create their own souls and thereby escape the entropic grip of the material universe in favor of the timeless realm of spirit. Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led

to numerous negative qualities that plague humanity such as violence greed and maliciousness Racism he contends was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence Examining historical records Kerner shows that Jesus who represented an uncorrupted genetic line warned his disciples about the threat posed by these alien interlopers while Hitler a pure product of this alien intelligence waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering Despite the powerful grip the Greys have on humanity Kerner says that all hope is not lost Greys exist wholly in the material world so if we follow the spiritual laws of reincarnation and karma aiming for enlightenment and rising above the material a state the Greys are unable to reach we can free ourselves from their grasp Chronicles of Conan Volume 1: Tower of the Elephant and Other Stories
