Gearon, 1999-01-10 The Theology in Dialogue Series explores the relationship between theology and different secular academic disciplines which appear within the degree programs of colleges and universities Each volume begins with a chapter and a reply providing a thoughtful justification for the interaction of theology and the particular subject This is followed by a theoretical analysis of this interaction and a range of case studies illustrating the situation in the classroom English Literature Theology and the Curriculum explores the nature and authority of religious writings and their influence on secular literature What makes it distinctive is the manner in which it investigates the textual dynamic between the two

disciplines by combining both theory and case study in a single collection of writings It discusses interdisciplinary dialogue offers case studies on literature and theology from Anglo Saxon verse to the twentieth century novel and looks at curriculum considerations The eminence and breadth of the contributors is outstanding Praise for English Literature Theology and the Curriculum A superbly rich collection as valuable to those involved in literary studies as to theologians It breathes life and real engagement Times Educational Supplement Fascinating and scholarly collection This is an excellent book Though some of the chapters are better than others none is a dud Its contributors and editor are to be congratulated Journal of Beliefs and Values These substantial essays deserve more extensive comment than a brief review permits Liam Gearon s chapter prompted this reviewer to embark on a reading of Brian Moore s work a rewarding undertaking for which his chapter proved an invaluable guide International Journal of Children s Spirituality Perhaps what is most noteworthy about Liam Gearon s edited volume is that it combines theory with practical applications and concludes with reflections on the implications for teaching ample food for thought for instructors designing courses in literature theology or interdisciplinary subjects

Teaching Theology **Bikers and Pearls** Vicki Wilkerson, 2013-08-12 Bikers and Pearls by Vicki Wilkerson Who said tempting a sweet Southern belle would be easy When rebel biker Bullworth Clayton gets tangled up with pastel and pearls clad April Church sparks fly Sure April would clearly rather work with anyone else but if teaming up with Bull means a successful charity event for a sick little boy they both care about then so be it April is baffled at how drawn she is to the leather wearing tattooed Bull he just doesn t fit with her simple safe country club life And as much as the handsomely rugged man tempts her she still can t shake the images of the tragic motorcycle accident from her past which left her scarred and her father broken Bull tempts her to don a pair of leather pants and go for a ride with him while April desperately tries to resist her attraction to the wild side and keep her exploits hidden from her small town Will they be able to navigate their differences and find a middle road to love Wittgenstein and Modernist Fiction Greg Chase, 2022-02-08 The early decades of the twentieth century were a period of major economic and cultural upheaval across Europe and America Scholars have typically held that novelists responded to these shifts by questioning language s capacity to picture the world accurately But even as modernist novels move away from a view of language as a means of gaining knowledge they also underscore its capacity to grant acknowledgment they treat words as tools for recognizing and responding to the inner lives of others This book brings out this crucial feature of modernism by engaging with the philosophy of Ludwig Wittgenstein and with Stanley Cavell s pioneering interpretation of Wittgenstein s thought The book shows how Wittgenstein s interest in acknowledgment emerges over the course of his career long effort to grapple with the same disorienting conditions of modern life that the experimental fiction of this period registers including world wars industrialization and new conceptions of sexuality It then argues that modernist novels by E M Forster Virginia Woolf Nella Larsen William Faulkner and others exhibit a similar interest in language s capacity to grant acknowledgment These novels offer readers a way of hearing what Wittgenstein calls

the silent soliloquy of others giving us words by which we might acknowledge the otherwise unvoiced inner lives of socially marginalized figures

Science Fiction and The Abolition of Man Mark J. Boone, Kevin C. Neece, 2016-12-13 The Abolition of Man C S Lewis's masterpiece in ethics and the philosophy of science warns of the danger of combining modern moral skepticism with the technological pursuit of human desires The end result is the final destruction of human nature From Brave New World to Star Trek from steampunk to starships science fiction film has considered from nearly every conceivable angle the same nexus of morality technology and humanity of which C S Lewis wrote As a result science fiction film has unintentionally given us stunning depictions of Lewis's terrifying vision of the future In Science Fiction Film and the Abolition of Man scholars of religion philosophy literature and film explore the connections between sci fi film and the three parts of Lewis's book how sci fi portrays Men without Chests incapable of responding properly to moral good how it teaches the Tao or The Way and how it portrays The Abolition of Man
