history that there hardly seems space left for a future Cinematic lyrical and brimming with humor this is a novel about the European condition which like the staff and residents of the Grand Hotel Europa may have already seen its best days

Kristeva's Fiction Benigno Trigo,2013-09-17 With published work spanning more than forty years Julia Kristeva's influence in psychoanalysis and literary theory is difficult to overstate In addition to this scholarship Kristeva has written several novels however this portion of her oeuvre has received comparatively scant attention In this book Kristeva scholars from a number of disciplines analyze her novels in relation to her work in psychoanalysis interrogating the relationships between fiction and theory The essays explore questions including what is the value of experimental writing that escapes easy definition and classification putting ideas at the same level as character pacing plot suspense form and style And how might such fiction help its readers overcome the psychological maladies that affect contemporary society The contributors make a compelling case for understanding Kristeva's fiction as a crucial influence to her wider psychoanalytic project
