A Piagetian Reading of "The Great Gatsby". Gatsby's Character and Augmented Reality Marie H.,2014-10-14 Seminar paper from the year 2014 in the subject American Studies Literature grade 1 7 RWTH Aachen University Institut f r Anglistik Amerikanistik und Romanistik language English abstract The paper at hand will focus especially on Piagets second development stage the preoperational stage which covers children around the age of three Subsequently the character of Jay Gatsby will be analyzed Does Gatsby act like a three year old boy and in how far does this affect his reality One question answered in the conclusion is if it is possible to analyze Gatsby only considering his egocentrism and is Piaget is the right theorist to use as a base In how far can Gatsby be reduced to only one of his attributes The most important literature that will be used is the novel The Great Gatsby by Fitz gerald as well as three publications written by Piaget Meine Theorie der Geistigen Entwicklung eng My Theory of Mental Development Possibility and Necessity Vol 1 the Role of Possibility in Cognitive Development and Theorien und Methoden der Modernen Erziehung eng Theories and Methods of Modern Education Those three publications are used because they are primary literature as well as relevant to the topic since they cover almost everything needed for this term paper This literature and such more will first give a definition of what the preoperational stage includes especially focusing on the egocentrism which will then build the base for the character analysis By analyzing Gatsby s character I want to ascertain his obvious egocentrism All in all I believe that Piaget is a start to analyze Gatsby s psyche He is not the usual theorist used for character analysis since he focused his research on children Yet I believe Piaget is the right choice for this topic I chose him as the foundation of the paper to point out Gatsby s inner child

Adaptation Theory and

Criticism Gordon E. Slethaug,2014-06-19 Traditional critics of film adaptation generally assumed a that the written text is better than the film adaptation because the plot is more intricate and the language richer when pictorial images do not intrude b that films are better when particularly faithful to the original c that authors do not make good script writers and should not sully their imagination by writing film scripts d and often that American films lack the complexity of authored

texts because they are sourced out of Hollywood The faithfulness view has by and large disappeared and intertextuality is now a generally received notion but the field still lacks studies with a postmodern methodology and lens Exploring Hollywood feature films as well as small studio productions Adaptation Theory and Criticism explores the intertextuality of a dozen films through a series of case studies introduced through discussions of postmodern methodology and practice Providing the reader with informative background on theories of film adaptation as well as carefully articulated postmodern methodology and issues Gordon Slethaug includes several case studies of major Hollywood productions and small studio films some of which have been discussed before Age of Innocence Gangs of New York and Do the Right Thing and some that have received lesser consideration Six Degrees of Separation Smoke Signals Broken Flowers and various Snow White narratives including Enchanted Mirror Mirror and Snow White and the Huntsman Useful for both film and literary studies students Adaptation Theory and Criticism cogently combines the existing scholarship and uses previous theories to engage readers to think about the current state of American literature and film
