

The Hunger Games by Suzanne Collins: Analysis of Katniss' Strengths and Weaknesses

Life and death situations are held in the most inconvenient moments, whether it be planned or just a coincidence. In the young adult novel "The Hunger Games" by Suzanne Collins; the main character Katniss finds herself rooting for her life against 23 other tributes in a game of death for the entertainment of others. At only the age of 16, Katniss makes herself the most attractive physically, with her skills and looks and mentally with manipulative ideas. Katniss Everdeen lives in a dystopian society partitioned by the wealthy and deprived sections of the society. Living District 12, Katniss faced hardships in every form from a young age, making her mature than those in their teenage years. With her father's death in a mining accident, Katniss had to assume the role of being the head of her family, a family of three including her, Katniss's mother, shocked after her husband's death, turned into a quiet person with no passion for earning for her daughters and helping in keeping them safe. Out of fear of being put in a community home, Katniss assumed the role of her father. The accident that led to Katniss's father's death resulted in a small amount of money offered to them as compensation for their loss from the district. However, it did not last long. Before long, Katniss had to find an alternative to feed her family. So the story steps foot into the life of Katniss Everdeen, the audacious youngling who volunteered to take her youngest sister Prim's spot in the cruel games. Having a starting point of poor life to entering days and days of big meals and comfortable areas, being driven by sponsors throughout the process of readiness. Although Katniss does have the strengths incorporated with cunning and adaptability, her kindness comes to a sense to hunt her down like no other. To begin with, cunning is the most entitled for survival because Katniss is a survivor.

Worlds Gone Awry John J. Han, C. Clark Tripplett, Ashley G. Anthony, 2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as The Lord of the Flies The Heart Goes Last The Giver and The Strain Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails

English Learners at the Top of the Class Mayra C. Daniel, 2017-06-14 English Learners at the Top of the Class is a practice oriented book that also contributes to the professional literature It is written for teacher candidates and both new and experienced practicing teachers who want to design and deliver effective instructional paradigms across this country's diverse classrooms Chapter authors bring to this book their experiences as teachers at levels K 12 Many of them learned English as a second language

and experienced life as an EL in U S classrooms They were all teachers who along the way began to work with ELs Their engagement with culturally diverse students led them to become teacher educators They are committed to preparing teachers who are energized to learn about their ELs cultures and who want to make the schoolhouse a culturally responsive environment

Movies and Midrash Wendy I. Zierler, 2017-08-15 Finalist for the 2017 National Jewish Book Award in Modern Jewish Thought and Experience presented by the Jewish Book Council Movies and Midrash uses cinema as a springboard to discuss central Jewish texts and matters of belief A number of books have drawn on films to explicate Christian theology and belief but Wendy I Zierler is the first to do so from a Jewish perspective exploring what Jewish tradition text and theology have to say about the lessons and themes arising from influential and compelling films The book uses the method of inverted midrash while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal parable as a means of further explication Zierler turns that process around beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought Films covered include The Truman Show truth Memento memory Crimes and Misdemeanors sin Magnolia confession and redemption The Descendants birthright Forrest Gump cleverness and simplicity and The Hunger Games creation of humanity in God s image among others

The Fantastic Made Visible Matthew Wilhelm Kapell,Ace G. Pilkington,2015-10-14 Fantasy and science fiction began in print and from the first films to the latest blockbusters print stories have provided the inspirations the ideas and in some cases the detailed blueprints Adaption Studies has long been an area of intense debate in literature and film studies but no single work has ever approached fantasy and science fiction texts as unique and important areas of inquiry by themselves The Fantastic Made Visible with 16 fresh essays is the first book to do exactly that From the earliest adaptations of Jules Verne Robert A Heinlein and Shakespeare to recent films based on The Hobbit Planet of the Apes and The Hunger Games this book offers a wide range of critical approaches and films from around the world *The World is a Text: Writing About Visual and Popular Culture* Jonathan Silverman,Dean Rader,2018-04-30 Wherever we look today popular culture greets us with texts that make implicit arguments this book helps students to think and write critically about these texts The World Is a Text teaches critical reading writing and argument in the context of pop culture and visual examples showing students how to read everyday objects and visual texts with basic semiotics The book shows how texts of all kinds from a painting to a university building to a pair of sneakers make complex arguments through their use of signs and symbols and shows students how to make these arguments in their own essays This new edition is rich with images real world examples writing and discussion prompts and examples of academic and student writing The first part of the book is a rhetoric covering argumentation research the writing process and adapting from high school to college writing while the second part explores writing about specific cultural topics Notes instruction and advice about research are woven into the text with research instruction closely tied to the topic being discussed New to the updated compact edition are chapters on fashion sports and nature and the environment Write TIME FOR KIDS®: Student Handbook Level 5 Annie Song,2015-08-01 This engaging full color Student Handbook is designed for students to receive their own copy This essential tool is organized by genre to complement and align with the lessons in the four Teacher s Guides Each Student Handbook includes a copy of the mentor text to support close reading language practice with an activity for the target language skill graphic organizers to support prewriting and planning of the writing process and draft frames to support struggling writers **The Essays** Francis Bacon,1985-08-29 One of the major political figures of his time Sir Francis Bacon 1561 1626 served in the court of Elizabeth I and ultimately became Lord Chancellor under James I in 1617 A scholar wit lawyer and statesman he wrote widely on politics philosophy and science declaring early in his career that I have taken all knowledge as my province In this his most famous work he considers a diverse range of subjects such as death and marriage ambition and atheism in prose that is vibrant and rich in Renaissance learning Bacon believed that rhetoric the force of eloquence and persuasion could lead the mind to the pure light of reason and his own rhetorical genius is nowhere better expressed than in these vivid essays **Pose, Wobble, Flow** Antero Garcia,Cindy O'Donnell-Allen,2015 This book proposes a pedagogical model called Pose Wobble Flow to

encapsulate the challenge of teaching and the process of growing as an educator who questions existing inequities in schooling and society and frames teaching around a commitment to changing them. The authors provide six different culturally proactive teaching stances or poses that secondary ELA teachers can use to meet the needs of all students whether they are historically marginalized or privileged. They describe how teachers can expect to wobble as they adapt instruction to the needs of their students while also incorporating new insights about their own cultural positionality and preconceptions about teaching. Teachers are encouraged to recognize this flexibility as a positive process or flow that can be used to address challenges and adopt ambitious teaching strategies like those depicted in this book. Each chapter highlights a particular pose, describes how to work through common wobbles, incorporates teacher voices, and provides questions for further discussion. Pose Wobble Flow presents a promising framework for disrupting the pervasive myth that there is one set of surefire, culturally neutral best practices. Book Features: A structure for career-long growth for ELA teachers including ways to adapt pedagogy from one year to the next; A focus on culturally proactive positions within ELA classrooms to ensure criticality in how we teach and how we advocate for the teaching profession; Six different poses that are standards-aligned, critical, and expand the possibilities of what takes place in school; Guidelines for creating original poses beyond the scope of the book; discussion questions for courses and resources for classroom teachers. In *Pose Wobble Flow*, Garcia and O'Donnell Allen remind all of us that teaching is not about following directions; it's about listening to our students and paying attention to the social forces that shape their lives; about learning how to navigate department, school, district, and federal rules to benefit our students so we can keep a job while we continue to honor our core beliefs about education. Linda Christensen, Director, Oregon Writing Project, Lewis Clark College. Antero Garcia and Cindy O'Donnell Allen have written a book about teaching that I've been hoping someone would write. They deftly provide a clear and insightful framework from which any thoughtful teacher can build a vital practice while also inserting a wealth of examples to ground the framework in working classrooms. It's a must-have for preservice and inservice teachers who care about their teaching. Bob Fecho, Professor and Department Head, University of Georgia.
