The Iliad is the first and the greatest literary achievement of Greek civilization, the cornerstone of Western culture, and an epic poem without rival in world literature. The story centers on the critical events in the last year of the Trojan War which lead to Achilles's killing of Hector and the fall of Troy. But Homer's theme is not simply war or heroism. With compassion and humanity, he presents a universal and tragic view of the world human life lived under the shadow of suffering and death set against a vast and largely un pitying divine background. This edition presents Penguin Classics founder E. V. Rieu's lively translation of Homer's great epic. Penguin Classics is the leading publisher of classic literature in the English speaking world, representing a global bookshelf of the best works throughout history and across genres and disciplines.
