The New Tourist Paige McClanahan, 2025-05-13 A genuinely helpful framework for thinking about our own voyages The Atlantic The New Tourist explores how tourism has shaped the world for better and for worse and offers essential reading for anyone looking for a deeper understanding of the implications of their wanderlust Through deep and insightful dispatches from tourist spots around the globe from Hawaii to Saudi Arabia Amsterdam to Angkor Wat The New Tourist shines a light on an industry that accounts for one in ten jobs worldwide and generates nearly ten percent of global GDP How did a once niche activity become the world's most important means of contact across cultures When does tourism destroy the soul of a city and when does it offer a place a new lease on life Is last chance tourism prompting a powerful change in perspective or driving places we love further into the ground Engaging and thoughtful Kirkus Reviews and filled with page turning revelations The New Tourist spotlights painful truths but also delivers a message of hope that the right kind of tourism and the right kind of tourist can be a powerful force for good

Proceedings of the ... Convention Boot and Shoe Workers Union, 1899 Staging Masculinity Carla J. McDonough, 2006-07-19 The men in plays such as Arthur Miller's *Death of a Salesman* or Sam Shepard's *True West* are often presented as universal little attention is given to the gender dynamics involved in the characters This work looks at how contemporary playwrights including Miller Shepard Eugene O'Neill David Mamet and August Wilson stage masculinity in their works It becomes apparent that male playwrights return often to the issues of troubled manhood usually masked in other issues such as war business or family The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image which all too often fractures and fails the characters who pursue it O'Neill's play *The Hairy Ape* and the character Yank receive much attention

Awkward Intelligence Katharina A. Zweig, 2022-10-25 An expert offers a guide to where we should use artificial intelligence and where we should not Before we know it artificial intelligence AI will work its way into every corner of our lives making decisions about with and for us Is this a good thing There's a tendency to think that machines can be more objective than humans can make better decisions about job applicants for example or risk assessments In *Awkward Intelligence* AI expert Katharina Zweig offers readers the inside story explaining how many levers computer and data scientists must pull for AI's supposedly objective decision making She presents the good and the bad AI is good at processing vast quantities of data that humans cannot but it's bad at making judgments about people AI is accurate at sifting through billions of websites to offer up the best results for our search queries and it has beaten reigning champions in games of chess and Go But drawing on her own research Zweig shows how inaccurate AI is for example at predicting whether someone with a previous conviction will become a repeat offender It's no better than simple guesswork and yet it's used to determine people's futures Zweig introduces readers to the basics of AI and presents a toolkit for designing AI systems She explains algorithms big data and computer intelligence and how they relate to one another Finally she explores the ethics of AI and how we can shape the

Breaking Away Maurice E. Stucke,2022 Breaking Away sounds a warning call alerting readers that their privacy and autonomy concerns are indeed warranted and the remedies deserve far greater attention than they have received from our leading policymakers and experts to date Through the various prisms of economic theory market data policy and law the book offers a clear and accessible insight into how a few powerful firms Google Apple Facebook Meta and Amazon have used the same anticompetitive playbook and manipulated the current legal regime for their gain at our collective expense While much has been written about these four companies power far less has been said about addressing their risks In looking at the proposals to date however policymakers and scholars have not fully addressed three fundamental

issues First will more competition necessarily promote our privacy and well being Second who owns the personal data and is that even the right question Third what are the policy implications if personal data is non rivalrous Breaking Away not only articulates the limitations of the current enforcement and regulatory approach but offers concrete proposals to promote competition without having to sacrifice our privacy This book explores how these platforms accumulated their power why the risks they pose are far greater than previously believed and why the tools need to be far more robust than what is being proposed Policymakers scholars and business owners managers and entrepreneurs seeking to compete and innovate in the digital platform economy will find the book an invaluable source of information

Mobile Technology and Place

Rowan Wilken, Gerard Goggin, 2013-05-07 An international roster of contributors come together in this comprehensive volume to examine the complex interactions between mobile media technologies and issues of place. Balancing philosophical reflection with empirical analysis, this book examines the specific contexts in which place and mobile technologies come into focus, intersect and interact. Given the far-reaching impact of contemporary mobile technology use and given the lasting importance of the concept and experiences of place, this book will appeal to a wide range of scholars in media and cultural studies, sociology and philosophy of technology.

Moving Parts Nina Shengold, Eric Lane, 1992-01-01 Moving Parts offers actors the best monologues from great plays, pieces by both well-known and up-and-coming playwrights, including many minority artists that offer a variety of dramatic styles for beginning and experienced actors. Included are more than a hundred monologues from such contemporary voices as Eric Bogosian, Caryl Churchill, Christopher Durang, Maria Irene Fornes, Athol Fugard, Philip Kan Gotanda, V. C. Havel, Lanford Wilson, and George C. Wolfe. Designed for easy browsing, the monologues are indexed by gender, age, and subject to help actors locate appropriate material, and each is introduced with a short description of the plot, setting, and character type. These monologues stand on their own as good theater, while they give actors a well-defined character, a story to tell, and a wide range of behavior and feeling to portray.

The Pedestrian and the City Carmen Hass-Klau, 2014-11-27 The Pedestrian and the City provides an overview and insight into the development, politics, and policies on walking and pedestrians. It includes the evolution of pedestrian-friendly housing estates in the 19th century up to the present day. Key issues addressed include the struggle of pedestrianization in town centers, the attempts to create independent pedestrian footpaths, and the popularity of traffic calming as a powerful policy for reducing pedestrian accidents. Hass-Klau also covers the wider aspects of urban and transport planning, especially public transport, essential for promoting a pedestrian-friendly environment. The book includes pedestrian-friendly policies and guidelines from a number of European countries and includes case studies from the UK, Germany, Britain, France, Spain, Italy, the Netherlands, Denmark, the US, and Canada, with further examples from ten additional countries. It also contains a unique collection of original photographs, including before and after photos of newly introduced pedestrian-friendly transport policies. As the pedestrian environment has become ever more crucial for the future of our cities, the book will be invaluable to students and practicing planners, geographers, transport engineers, and local government officers.
