and Expert Commentary which makes for great discussion Unity and Obedient Discipleship in the Gospel of John Dr. James B. Joseph, 2024-10-18 Unity and Obedient Discipleship in the Gospel of John is an in depth study companion to The Ultimate Victory Becoming a Follower of Jesus chapter 5 It can also be read as a stand alone exegetical study of John 17 20 23 Keep in mind that it is easy to read into the Bible what is already part of a person's experiences and understanding of the world around them But in reality in order to understand Scripture properly one should first understand how a passage would have been understood by its original audiences and then considered regarding contemporary application The Gospel of John was written for a first century Mediterranean world and this book looks at the Gospel of John from this perspective It is my prayer that many will read this book with its focus on John and in particular John 17 20 23 in order to understand more fully how John's Good News proclamation would have been initially understood in the first century Mediterranean world and thereby gain a clearer perspective on the heart of God's Gospel message which will in turn stimulate many to seek that which God desires for all of His obedient children a vibrant life now as part of His eternal close knit holy family and eternal perfection in the near future within His holy family within the renewed heavens and earth In addition I pray that after working through this in depth study if you have not considered the historical cultural and literary context along with the grammar of passages in the past you will do so in the future as you continue to study and grow in God's Word Ultimately I pray that this book will stimulate many to seek God's enlightenment and empowerment in order to realize more fully His desired godly unity for His obedient children among all of the universal Church Let's all work together more fully in the coming years helping many come to know God and His ways more fully which will in turn help those who listen realize God's more abundant life In Jesus Service Brother James Cyberformalism Daniel Shore, 2018-06-15 Linguistic forms Search Studies Was it for this and the study of influence Act as if and useful fictions WWJD and the history of imitatio christi Milton's depictives and the history of style Conclusions Shakespeare's construction God is dead long live philology **The Journey toward God in Augustine's Confessions** Carl G. Vaught, 2012-02-01 This detailed discussion of Augustine's journey toward God as it is described in the first six books of the Confessions begins with infancy moves through childhood and adolescence and culminates in youthful maturity In the first stage Augustine deals with the problems of original innocence and sin in the second he addresses a pear stealing episode that recapitulates the theft of the forbidden fruit in the Garden of Eden and confronts the problem of sexuality with which he wrestles until his conversion and in the third he turns toward philosophy only to be captivated successively by dualism skepticism and Catholicism Augustine's journey exhibits temporal spatial and eternal dimensions and combines his head and his heart in equal proportions Vaught shows that the Confessions should be interpreted as an attempt to address the person as a whole rather than through our intellectual or volitional dimensions exclusively The passion with which Augustine describes the end of his journey is reflected best in a sentence found in the opening chapter of the text You have made us for yourself and our heart is restless until it rests in you Interpreting this

statement Carl G Vaught presents a more emphatically Christian Augustine than is usually found in contemporary scholarship Refusing to view Augustine in an exclusively Neoplatonic framework Vaught holds that Augustine baptizes Plotinus just as successfully as Aquinas baptizes Aristotle It cannot be denied that Ancient philosophy influences Augustine decisively Nevertheless he holds the experiential and the theoretical dimensions of his journey toward God together as a distinctive expression of the Christian tradition *Latin Literature* Susanna Morton Braund,2005-07-19 This highly accessible user friendly work provides a fresh and illuminating introduction to the most important aspects of Latin prose and poetry Readers are constantly encouraged to think for themselves about how and why we study the texts in question They are stimulated and inspired to do their own further reading through engagement with a wide selection of translated extracts and with a useful exploration of the different ways in which they can be approached Central throughout is the theme of the fundamental connections between Latin literature and issues of elite Roman culture The versatile structure of the book makes it suitable both for individual and class use **Classic Literature Made Simple** Joseph Pearce,2024-09-03 In *Classic Literature Made Simple* literary expert Joseph Pearce takes the reader on a guided tour of fifty great works of literature The author of over thirty books Pearce uses his experience of teaching literature at college level for over twenty years to show the reader the moral dimension of each work He shows how each work presents a mystical mirror to the reader offering insights into the meaning of life itself Defaming the Dead Don Herzog,2017-03-28 Do the dead have rights In a persuasive argument Don Herzog makes the case that the deceased s interests should be protected This is a delightfully deceptive work that start out with a simple seemingly arcane question can you libel or slander the dead and develops it outward tackling larger and larger implications until it ends up straddling the borders between law culture philosophy and the meaning of life A full answer to this question requires legal scholar Don Herzog to consider what tort law is actually designed to protect what differences death makes and what differences it doesn t and why we value what we value Herzog is one of those rare scholarly writers who can make the most abstract argument compelling and entertaining Literature and the Metaphoric Universe in the Mind Nicolae Babuts,2017-07-05 Nicolae Babuts believes that the study of metaphoric thought and literature can be enriched by the application of recent discoveries from neuroscientific c experiments He maintains that metaphors are neither linguistic formations nor conceptual formations but instead the product of association of images and language They are a matter of vision Memory is an essential component in the creation of meaning and is the way the mind receives messages from the outside world In this process of transferring data from the outside world the mind s overriding tendency is to integrate and interpret Thus incoming messages are recognized and given meaning whether they are in harmony with the inner world of the mind or in conflict with it Babuts argues that the literature we read is related to our perception of reality And reality has two identities the physical identity of the outside world and its symbolic identity within memory The symbolic identity of the outside world is represented internally by the metaphoric universe in the mind

Rhetoric, the Polis, and the Global Village C. Jan Swearingen, David S. Kaufer, 1999-07 This volume of select conference papers represents current thought on the role of rhetoric in various disciplines including topics of race, technology, and religion. It is of interest to scholars in classical, contemporary rhetoric, and related fields. *Political Aesthetics in the Era of Shakespeare* Christopher Pye, 2020-06-15 The turn to political concerns in Renaissance studies beginning in the 1980s was dictated by forms of cultural materialism that staked their claims against the aesthetic dimension of the work. Recently, however, the more robustly political conception of the aesthetic formulated by theorists such as Theodor Adorno and Jacques Rancière has revitalized literary analysis generally and early modern studies in particular. For these theorists, aesthetics forms the crucial link between politics and the most fundamental phenomenological organization of the world, what Rancière terms the distribution of the sensible. Taking up this expansive conception of aesthetics, *Political Aesthetics in the Era of Shakespeare* suggests that the political stakes of the literary work and Shakespeare's work in particular extend from the most intimate dimensions of affective response to the problem of the grounds of political society. The approaches to aesthetic thought included in this volume explore the intersections between the literary work and the full range of concerns animating the field today: political philosophy, affect theory, and ecocritical analysis of environs and habitus.

Memories of the Classical Underworld in Irish and Caribbean Literature Madeleine Scherer, 2021-09-20 *Classical Memories* is an intervention into the field of adaptation studies, taking the example of classical reception to show that adaptation is a process that can be driven by and produce intertextual memories. I see classical memories as a memory-driven type of adaptation that draws on and reproduces schematic and otherwise decontextualised conceptions of antiquity and its cultural exports in broadly speaking the twentieth and twenty-first centuries. These memory-driven adaptations differ often in significant ways from more traditional adaptations that seek to either continue or deconstruct a long-running tradition that can be traced back to antiquity as well as its canonical points of reception in later ages. When investigating such a popular and widespread set of narratives, characters, and images like those that remain of Graeco-Roman antiquity, terms like adaptation and reception could and should be nuanced further to allow us to understand the complex interactions between modern works and classical antiquity in more detail, particularly when it pertains to postcolonial or post-digital classical reception. In *Classical Memories*, I propose that understanding certain types of adaptations as intertextual memories allows us to do just that.
