## **Snap Food Security In Depth Interview Study:**

**Snap Food Security In-depth Interview Study** U.s. Department of Agriculture,2014-10-22 As the largest of the 15 food and nutrition assistance programs administered by the U S Department of Agriculture USDA the Supplemental Nutrition Assistance Program SNAP is a central component of our nation s nutrition assistance safety net SNAP provides nutrition assistance benefits and nutrition education services to low income individuals and families in an effort to reduce hunger and improve the health and well being of low income people nationwide While evaluation research has assessed whether the program is achieving these objectives less is known about the challenges low income families face and their coping strategies to remain food secure defined as having adequate access to food for an active healthy life This report presents findings from the qualitative In Depth Interview component of the SNAP Food Security SNAPFS study The main SNAPFS study was conducted for the Food and Nutrition Service of the USDA from October 2011 through September 2012 and examined the effects of the program on food security for 6 436 SNAP households just entering the program and 3 275 households on SNAP for approximately six to seven months The in depth interview effort discussed in this report was conducted between February 2012 and June 2012 and consisted of detailed qualitative discussions held with a small subset of 90 SNAP households with children in six states about their financial situations their use of SNAP and their overall food security Interviews were held in the homes of the respondents unless they preferred to meet in a public location like a library or coffee shop Interview questions focused on expenditures and income SNAP and food shopping habits eating habits nutrition triggers of food hardship and food related coping strategies The purpose of this formative qualitative study was to provide important insights into the challenges low income families face and their coping strategies to purchase all of the food that they need in the face of a shortfall in resources and to inform the direction of future research on food security including hypothesis generation and instrument design This analysis was descriptive however for each theme we systematically assessed whether there were especially large differences in general financial circumstances food hardships and coping strategies eating and food dynamics and in the role SNAP plays in meeting a family s nutritional needs by food security level and by race ethnicity We observed several of the former but almost no meaningful differences among the latter As qualitative works which involve similar types of analysis have noted a small qualitative study cannot make causal claims therefore the analysis in this study should be read as helpful descriptions to guide the formation of hypotheses about the mechanisms and processes that might underlie variations in food security and the role of the SNAP program

**Snap Food Security In-depth Interview Study**  
,2010 This report presents findings from the qualitative In Depth Interview component of the SNAP Food Security SNAPFS study The main SNAPFS study was conducted for the Food and Nutrition Service of the USDA from October 2011 through September 2012 and examined the effects of the program on food security for 6 436 SNAP households just entering the program and 3 275 households on SNAP for approximately six to seven months The in depth interview effort discussed in this

report was conducted between February 2012 and June 2012 and consisted of detailed qualitative discussions held with a small subset of 90 SNAP households with children in six states about their financial situations their use of SNAP and their overall food security Interviews were held in the homes of the respondents unless they preferred to meet in a public location like a library or coffee shop Interview questions focused on expenditures and income SNAP and food shopping habits eating habits nutrition triggers of food hardship and food related coping strategies The purpose of this formative qualitative study was to provide important insights into the challenges low income families face and their coping strategies to purchase all of the food that they need in the face of a shortfall in resources and to inform the direction of future research on food security including hypothesis generation and instrument design

**Research Opportunities Concerning the Causes and Consequences of Child Food Insecurity and Hunger** Institute of Medicine, National Research Council, Food and Nutrition Board, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, 2013-12-23 Section 141 of The Healthy Hunger Free Kids Act of 2010<sup>1</sup> provides funding for a research program on the causes and consequences of childhood hunger and food insecurity and the characteristics of households with childhood hunger and food insecurity with a particular focus on efforts to improve the knowledge base regarding contributing factors geographic distribution programmatic effectiveness public health and medical costs and consequences for child development well being and educational attainment The Economic Research Service and Food and Nutrition Service of the US Department of Agriculture conducted two outreach efforts to obtain input from the research community and other stakeholders to help focus on areas and methods with the greatest research potential First Food and Nutrition Service sought written comments to selected questions through publication of a Federal Register Notice The second option was to convene a workshop under the auspices of the Committee on National Statistics of the National Research Council and the Food and Nutrition Board of the Institute of Medicine Research Opportunities Concerning the Causes and Consequences of Child Food Insecurity and Hunger is the summary of that workshop convened in Fall 2012 to examine research gaps and opportunities to advance understanding of the causes and consequences of child hunger in the United States This report reviews the adequacy of current knowledge identifies substantial research gaps and considers data availability of economic health social cultural demographic and other factors that contribute to childhood hunger or food insecurity It also considers the geographic distribution of childhood hunger and food insecurity the extent to which existing federal assistance programs reduce childhood hunger and food insecurity childhood hunger and food insecurity persistence and the extent to which it is due to gaps in program coverage and the inability of potential participants to access programs or the insufficiency of program benefits or services Research Opportunities Concerning the Causes and Consequences of Child Food Insecurity and Hunger will be a resource to inform discussions about the public health and medical costs of childhood hunger and food insecurity through its focus on determinants of child food insecurity and hunger individual community and policy responses to hunger impacts of child food

insecurity and hunger and measurement and surveillance issues      *Nutrition among Vulnerable Populations* Heather Eicher-Miller, Marie Kainoa Fialkowski Revilla, 2020-11-27 Food insecurity and low resources continue to be a burden influencing the health well being growth and development of millions of U S children and adults Groups and individuals experiencing restrained access to food are our neighbors individuals we may see each day and individuals who we may not interact with or see because of their isolated situations They include the elderly those experiencing mental illness veterans certain race ethnic groups adolescents young women with children those living in rural areas and those using food pantries among others Many of these groups both hidden and visible have rates of food insecurity above the national average that are resistant to national improvements in food security Yet attention to these subsets of the population is imperative to improve U S health and nutrition and to reduce rates of chronic disease Many groups face specific barriers to maintaining sufficient food for example rural populations may find it difficult to access federal food assistance or other resources such as food pantries and nutrition education because of distance or lack of consistent internet access separating them from these resources Further their remote locations may make it difficult to obtain the types of foods that they prefer Other specific barriers may include limited facilities and equipment for food preparation access to culturally appropriate foods and preparation supplies and foods that complement the foods that they already have Tailored approaches to quantify access to food the nutrition environment dietary intake and other barriers are necessary to build successful interventions and to quantify the needs of these populations      *Life-Course Implications of US Public Policy* Janet Wilmoth, Andrew

London, 2021-05-24 There is a complex set of public policies and associated programs that constitute the social safety net in the United States In *Life Course Implications of U S Public Policies* the authors encourage others to systematically consider the influence of policies and programs on lives aging and the life course and how the consequences might vary by gender race ethnicity sexual orientation ability and social class The volume aims to foster an appreciation of how policy influences connect and condition the life course Chapters examine issues relating to health housing food security crime employment and care work amongst other issues and demonstrate how the principles of the life course perspective and cumulative inequality theory can be used to inform contemporary public policy debates *Life Course Implications of U S Public Policies* will be a great resource for students of gerontology sociology demography social work public health and public policy as well as policy makers researchers in think tanks and advocates who are concerned with age based policy      **Introduction to the U.S.**

My Sociology Rosalind Gottfried, 2018-12-17 My Sociology reconceptualizes intro sociology for the changing demographics in today s higher education environment Concise and student focused My Sociology captures students attention with engaging stories and a focus on non dominant populations Rather than introducing students to theory and history at the beginning of the text the book integrates the necessary information throughout to keep students engaged

Holding It Together Jessica Calarco, 2024-06-04 Other countries have social safety nets The U S has women Holding It Together chronicles the causes and dire consequences America runs on women women who are tasked with holding society together at the seams and fixing it when things fall apart In this tour de force acclaimed Sociologist Jessica Calarco lays bare the devastating consequences of our status quo Holding It Together draws on five years of research in which Calarco surveyed over 4000 parents and conducted more than 400 hours of interviews with women who bear the brunt of our broken system A widowed single mother struggles to patch together meager public benefits while working three jobs an aunt is pushed into caring for her niece and nephew at age fifteen once their family is shattered by the opioid epidemic a daughter becomes the backstop caregiver for her mother her husband and her child because of the perceived flexibility of her job a well to do couple grapples with the moral dilemma of leaning on overworked underpaid childcare providers to achieve their egalitarian ideals Stories of grief and guilt abound Yet they are more than individual tragedies Tracing present day policies back to their roots Calarco reveals a systematic agreement to dismantle our country s social safety net and persuade citizens to accept precarity while women bear the brunt She leads us to see women s labor as the reason we ve gone so long without the support systems that our peer nations take for granted and how women s work maintains the illusion that we don t need a net Weaving eye opening original research with revelatory sociological narrative Holding It Together is a bold call to demand the institutional change that each of us deserves and a warning about the perils of living without it

**Abandoned Families** Kristin S. Seefeldt, Kristin Seefeldt, 2016-12-25 Choosing whom to marry involves more than emotion as racial politics cultural mores and local demographics all shape romantic choices In Marriage Vows and Racial Choices sociologist Jessica Vasquez Tokos explores the decisions of Latinos who marry either within or outside of their racial and ethnic groups Drawing from in depth

interviews with nearly 50 couples she examines their marital choices and how these unions influence their identities as Americans Vasquez Tokos finds that their experiences in childhood adolescence and young adulthood shape their perceptions of race which in turn influence their romantic expectations Most Latinos marry other Latinos but those who intermarry tend to marry whites She finds that some Latina women who had domineering fathers assumed that most Latino men shared this trait and gravitated toward white men who differed from their fathers Other Latina respondents who married white men fused ideas of race and class and perceived whites as higher status and considered themselves to be marrying up Latinos who married non Latino minorities African Americans Asian Americans and Native Americans often sought out non white partners because they shared similar experiences of racial marginalization Latinos who married Latinos of a different national origin expressed a desire for shared cultural commonalities with their partners but like those who married whites often associated their own national origin groups with oppressive gender roles Vasquez Tokos also investigates how racial and cultural identities are maintained or altered for the respondents children Within Latino white marriages biculturalism in contrast with Latinos adopting a white American identity is likely to emerge For instance white women who married Latino men often embraced aspects of Latino culture and passed it along to their children Yet for these children upholding Latino cultural ties depended on their proximity to other Latinos particularly extended family members Both location and family relationships shape how parents and children from interracial families understand themselves culturally As interracial marriages become more common Marriage Vows and Racial Choices shows how race gender and class influence our marital choices and personal lives

Communications and the Future      Does SNAP Decrease Food Insecurity? Mark Nord, 2009 Self selection by more food  
needy households into the Supplemental Nutrition Assistance Program SNAP formerly called the Food Stamp Program makes  
it difficult to observe positive effects of the program in survey data This study investigates self selection and ameliorative  
program effects by examining households food security month by month for several months prior to initial receipt of SNAP  
benefits and for several months after joining the program Food security is observed to deteriorate in the 6 months prior to  
beginning to receive SNAP benefits and to improve shortly after The results clearly demonstrate the self selection by  
households into SNAP at a time when they are more severely food insecure Charts and tables
