Towards Inclusive Education in Zimbabwe Tsediso Michael Makoelle,Tsitsi Chataika,2025-02-24 This book aims to provide a comprehensive review of the state of inclusive education in Zimbabwe since the adoption of the philosophy in 1994 While literature exists that accounts for the situation regarding special and inclusive education in Zimbabwe there is a need for a more thorough and complete understanding of the state of inclusive education in the country This book explores and reflects on the perspectives of various stakeholders within the Zimbabwean education system It offers a conceptual understanding of the implementation of inclusive education in a postcolonial and politically

troubled Zimbabwe and provides recommendations for policy development and formulation as well as the development and strengthening of inclusive teaching and learning practices The insights offered in this book could have a significant impact on clarifying the roles of stakeholders and ensuring that education provision leads to student support that addresses the needs of all students in Zimbabwe Regime and Education in Zimbabwe Bekithemba Dube, Albert Mufanechiya, 2024-06-10 This collection focuses on the post independence educational development in Zimbabwe It shows how the ZANU PF regime has presided over the demise of education and covers a wide range of topics such as violence against teachers poor salaries student activism minority languages and curriculum innovations This volume argues that the regime has used education as a tool for repression Curriculum innovations introduced and implemented in Zimbabwe have little to do with improving the performance of the learners and more to do with stopping teachers from pushing the regime change agenda Consequently this has resulted in a nation in crisis marked with high turnover poor economy and mass exodus of teachers and learners The contributors to this volume make various suggestions which could recenter education towards addressing the experiences of the learners as opposed to being used as a tool to push repression and thwart democracy **Pursuit of the Elusive Dream**

Lawrence D Moyo, 2023-05-16 Anyone interested in the history of Zimbabwe will love this memoir by Lawrence D Moyo It traces the tumultuous events of the First Chimurenga of 1896 through independence from Great Britain in 1980 until the present day He vividly describes his childhood struggles as the son of a father who abuses his children as slave labourers Lawrence progressively climbs the educational ladder until he emigrates to the UK with his family Harping on the theme of hidden racism among others Lawrence then endures horrific racist treatment from criminally disobedient white and black students in schools he works at as an English teacher Having become a highly respected educational specialist he is now retired in the UK retaining his connections with his family members and friends in Zimbabwe *The State, Ideology, and Education* Rugano Jonas Zvobgo, 1997 *Ancient and Indigenous Wisdom Traditions in African and Euro-Asian Contexts* Ehaab Abdou, Theodore Zervas, 2024-08-01 This book brings attention to the understudied and often overlooked question of how curricula and classroom practices might inadvertently reproduce exclusionary discourses and narratives that omit or negate particular cultures histories and wisdom traditions With a focus on representations and classroom practices related especially to ancient and Indigenous wisdom traditions and cultures it includes unique contributions from scholars studying these questions in various contexts The book offers a range of important studies from key African and Euro Asian contexts including Afghanistan Albania Greece Iran South Africa Sweden T rkiye and Zimbabwe The various chapter contributions address and discuss nuances of each of the contexts under study The contributions also help highlight some key commonalities across these contexts including how dominant discourses and various forces have historically shaped and continue to shape and reproduce such omissions misrepresentations and marginalization In addition to seeking to reconcile with some of these ancient and Indigenous wisdom traditions and cultures the book charts a path forward towards more

holistic analytical frameworks as well as more inclusive and balanced representations and classroom practices in these aforementioned geographic contexts and beyond It will appeal to scholars researchers undergraduate and graduate students with interests in Indigenous education curriculum studies citizenship education history of education religion and educational policy
