Schlesinger, 2021-03-22 Sexual Murder Catathymic and Compulsive Homicides is the culmination of the author s 45 years of experience with and studying sexually motivated homicide Sexual murders are generally of two types catathymic and compulsive Catathymic homicides are caused by a

breakthrough of underlying sexual conflicts They can be unplanned explosive acute attacks or planned murders stemming from a chronic obsession with or disturbed attachment to the victim In compulsive homicides a fusion of sex and aggression results in a powerful internal drive which pushes the offender to seek out victims to kill and the killing itself is sexually gratifying These murders also may be planned or unplanned In compulsive homicides that are unplanned the urge breaks through and disrupts the offender's controls when a victim of opportunity crosses his path The compulsive offender who plans his crimes often eludes law enforcement and as a result he can have multiple serial victims over extended periods of time Both forms of sexual murder the catathymic and the compulsive are presented in this volume from a clinical descriptive perspective encompassing case studies with analysis Recent advances in empirical research in sexual murder including findings from the joint research project between John Jay College of Criminal Justice and the FBI Behavioral Analysis Unit in Quantico has published many important studies These include such topics as necrophilia foreign object insertions in sexual homicide ritual and signature and temporal patterns in serial sexual homicide mass murder crime scene staging in homicide and undoing symbolic reversal at homicide scenes All such research will be included and incorporated into this fully updated Second Edition including approximately fifty new clinical case studies     Barry MacSweeney and the Politics of Post-War British Poetry Luke Roberts, 2017-03-18 This book examines the literary impact of famed British poet Barry MacSweeney who worked at the forefront of poetic discovery in post war Britain Agitated equally by politics and the possibilities of artistic experimentation Barry MacSweeney was ridiculed in the press his literary reputation only recovering towards the end of his life which was cut short by alcoholism With close readings of MacSweeney alongside his contemporaries precursors and influences including J H Prynne Shelley Jack Spicer and Sylvia Plath Luke Roberts offers a fresh introduction to the field of modern poetry Richly detailed with archival and bibliographic research this book recovers the social and political context of MacSweeney's exciting challenging and controversial impact on modern and contemporary poetry     *Managing High Risk Sex Offenders in the Community* Jackie Craissati, 2004-06-02 How can a psychological framework improve the success of risk management The management of sex offenders in the community is of paramount concern to the general public and this is reflected in the numerous recent changes to public protection procedures *Managing High Risk Sex Offenders in the Community* covers both the assessment and management of high risk sex offenders in the community with an emphasis on evidence based approaches The reader will be able to access the most widely used actuarial approaches to risk assessment and understand the clinical themes that underpin such variables The book answers questions including Are sex offenders likely to escalate their behaviour if not stopped Is the risk on the streets or at home Can we differentiate between those offenders who will and those who will not reoffend This book links psychologically based theoretical principles with practical considerations for professionals in the field By demystifying the current state of knowledge on risk posed by sex offenders practitioners will be well placed to engage in defensible decision making and strive for best practice in the community
