Doing Prison Work Elaine M Crawley, 2013-01-11 This book provides a much needed sociological account of the social world of the English prison officer making an original contribution to our understanding of the inner life of prisons in general and the working lives of prison officers in particular As well as revealing how the job of the prison officer and of the prison itself is accomplished on a day to day basis the book explores not only what prison officers do but also how they feel about their work In focusing on how prison officers feel about their work this book makes a number of interesting revelations about the essentially domestic nature of much of the work they do about the degree of emotional labour invested in it and about the performance nature of many of the day to day interactions between officers and prisoners Finally the book follows the prison officer home after work showing how the prison can spill over into their home lives and family relationships Based on extensive ethnographic fieldwork in different types of prisons including interviews with prison officers wives and children as well as prison officers themselves this book will be essential reading for all those with an interest in how prisons and organisations more generally operate in practice

she deserves that he replied a little emotionally That day was hard enough but I do have one regret because something happened on the way out of the hospital While I was being taken out to the ambulance the mother of the young girl who had had my lungs came over to talk to me and I was really rude to her I remember shoving her away I didn't want to talk to her I couldn't talk to her I felt so angry Her daughter had been saved whereas my little girl could lose her mum at any time I needed that transplant more than anything and I was blaming her for it I didn't know it then but she was really upset when she returned to the ward
