Postlethwaite,1994 **Examining Young Learners: Research and Practice in Assessing the English of School-age
Learners** Szilvia Papp,Shelagh Rixon,2018 The proposed book on child second language L2 development and assessment
will be a state of the art account of what we currently know about how children learn L2s in formal contexts and how that
knowledge impacts on the design development and evaluation of language assessment products for young learners The
uniqueness of child L2 development within the classroom is highlighted by considering children s L2 needs typical patterns of
development and the role of instruction and assessment in how children learn Common issues shared in child L2 acquisition
studies language testing and educational assessment are explored by linking research carried out within the educational
academic and testing communities Several case studies are described from different educational contexts around the world
where teaching and assessment of young language learners takes place In particular the book presents the Cambridge
English approach to assessing young learners of English and presents a framework for the development research and
validation activities around the Cambridge English suite battery for children
