Zimsec S June 2015 Registration:

Political Discourse in Emergent, Fragile, and Failed Democracies Orwenjo, Daniel Ochieng, Oketch, Omondi, Tunde, Asiru Hameed, 2016-04-19 Any system of government is comprised of several dimensions of functionality which must all work in congruence. When any part of the system is dysfunctional, the government's stability becomes fractured and societal problems can arise. Political Discourse in Emergent, Fragile, and Failed Democracies examines the effects of unstable democratic systems of government in modern society, providing an imperative analysis on political communications from such nations. Highlighting real world examples on the constraints seen in malfunctioning or emerging governments, this book is a pivotal reference source for policy makers, researchers, academicians, and upper level students interested in politics and governance.

Freedom of Speech in International Law, 2023-12-26 Freedom of Speech in International Law charts the minimum protections for speech enshrined in international human rights law. It clarifies what the right to freedom of expression means under international law, identifies conflicts between law and state practice, and provides key recommendations as to how international standards should be interpreted, updated, and enforced. Each of the book's six chapters focusses on an area of the law that is being weaponized to silence the press or curtail freedom of expression. Chapters focus on insulting speech including defamation and sedition laws, false speech through misinformation or disinformation laws, hate speech, and speech affecting national security in form of espionage, official secrets laws, and terrorism laws. Each chapter outlines relevant state practice, identifies the conflicts that exist in international human rights law, and highlights areas for reform. Examples throughout the book demonstrate the legislative tools relied on by states to quash dissent, not just sedition, treason, and criminal insult laws that have traditionally targeted speech, but increasingly terrorism, false news, and other vague laws to protect themselves against unflattering press. Recommendations at the end of each chapter aim to bridge the gap between practice and the legal obligations of both states and social media companies that have expressed voluntary adherence to the same standards. These recommendations build on existing standards and have been endorsed by an esteemed group of experts from across the world, including the Media Freedom Coalition's High Level Panel of Legal Experts on Media Freedom.

Law Among Nations James Larry Taulbee, Gerhard von Glahn, 2022-05-30 Offering a more accessible alternative to casebooks and historical commentaries, Law Among Nations explains issues of international law by tracing the field's development and stressing key principles, processes, and landmark cases. This comprehensive text eliminates the need for multiple books by combining discussions of theory and state practice with excerpts from landmark cases. The book has been updated in light of the continuing revolution in communication technology, the dense web of linkages between countries that involve individuals and bodies both formal and informal, and important and controversial areas such as human rights, the environment, and issues associated with the use of force. Renowned for its rigorous approach and clear explanations, Law Among Nations remains the gold standard for undergraduate introductions to

international law New to the Twelfth Edition Added or expanded coverage of timely issues in international law Drones and their use in the air and in space Outer space Cybercrime and responses The Julian Assange Case Environmental law Expanded discussion of space law Expanded discussion of conflict and non state actors Final cases in the ICTY Thoroughly rewritten chapters on areas of great change International Criminal Law Just War and War Crime Law International Economic Law newly restored in response to reviews International Environmental Law New cases statutes and treaties on many subjects **Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)** Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events *Trade Policy Review* ,2020 **Nations of the World** Grey House Publishing, Inc,2002-08 Contains alphabetically arranged entries that provide political economic and business information for 231 nations and self governing territories around the world *Africa Review* ,2003 **West Africa Index** ,1983 Planning & Changing ,2015
