Ancient and Indigenous Wisdom Traditions in African and

Euro-Asian Contexts Ehaab Abdou, Theodore Zervas, 2024-08-01 This book brings attention to the understudied and often

overlooked question of how curricula and classroom practices might inadvertently reproduce exclusionary discourses and

narratives that omit or negate particular cultures histories and wisdom traditions With a focus on representations and

classroom practices related especially to ancient and Indigenous wisdom traditions and cultures it includes unique

contributions from scholars studying these questions in various contexts The book offers a range of important studies from

key African and Euro Asian contexts including Afghanistan Albania Greece Iran South Africa Sweden T rkiye and Zimbabwe

The various chapter contributions address and discuss nuances of each of the contexts under study The contributions also

help highlight some key commonalities across these contexts including how dominant discourses and various forces have

historically shaped and continue to shape and reproduce such omissions misrepresentations and marginalization In addition

to seeking to reconcile with some of these ancient and Indigenous wisdom traditions and cultures the book charts a path

forward towards more holistic analytical frameworks as well as more inclusive and balanced representations and classroom

practices in these aforementioned geographic contexts and beyond It will appeal to scholars researchers undergraduate and

graduate students with interests in Indigenous education curriculum studies citizenship education history of education
