Slavoj Žižek Ian Parker, 2004-03-20 When I read Ian Parker's manuscript I experienced an underlying solidarity despite obvious differences we share the same basic political concerns and visions And this makes his critical remarks always pertinent Slavoj Žižek This is not simply the best critical introduction to Žižek in a much more radical sense this is the only critical introduction to Žižek Parker's study is much more than an important contribution to the ongoing debate it redefines its very terms Yannis Stavrakakis author of *Lacan and the Political* A sharp clear and radical analysis Christian Ingo Lenz Dunker Professor of Psychoanalytic Theory and Lacanian Psychoanalyst Sao Paulo Brazil Since the publication of his first book in English in 1989 Slavoj Žižek has quickly become one of the most widely read and contentious intellectuals alive today With dazzling wit and tremendous creativity he has produced innovative and challenging explorations of Lacan Hegel and Marx and used his insights to exhilarating effect in analyses of popular culture While Žižek is always engaging he is also elusive and even contradictory It can be very hard to

finally determine where he stands on a particular issue Is Zizek Marxist or Post Marxist How seriously should we take his recent turn to Christianity Slavoj Zizek A Critical Introduction shows the reader a clear path through the twists and turns of Zizek s writings Ian Parker takes Zizek s treatment of Hegel Lacan and Marx in turn and outlines and assesses Zizek s interpretation and extension of these thinkers theories While Parker is never hastily dismissive of Zizek s innovations he remains critical throughout aware that the energy of Zizek s writing can be bewitching and beguiling as well as engaging and profound

How Slavoj Became Zizek Eliran Bar-El, 2025-05-06 An engrossing account of the meteoric rise of contemporary philosophy s most contentious and prolific intellectual This revised edition corrects several erroneous and insufficient references in the first edition of this book Slovenian philosopher bad boy Slavoj Zizek is one of the most famous intellectuals of our time publishing at a breakneck speed and lecturing around the world With his unmistakable speaking style and set of mannerisms that have made him ripe material for internet humor and meme culture he is recognizable to a wide spectrum of fans and detractors But how did an intellectual from a small Eastern European country come to such popular notoriety In How Slavoj Became Zizek sociologist Eliran Bar-El plumbs the emergence popularization and development of the phenomenon called Zizek Beginning with Zizek s early years as a thinker and political

figure in Slovenian civil society Bar El traces i ek s rise from Marxist philosopher to political candidate to eventual intellectual celebrity as i ek perfected his unique performative style and a rhetorical arsenal of Hegelacanese Following 9 11 i ek s career as a global op ed writer and TV commentator married his rhetoric with global events such as the war on terror the financial crisis of 2008 and the Arab Spring of 2011 Yet at the same time this mainstream popularity as well as a series of politically incorrect views almost entirely estranged the Slovenian from the normal workings of academia Ultimately this account shows how i ek has harnessed the power of the digital era in his own self fashioning as a public intellectual

Capitalism and the New Political Unconscious Fabio Vighi,Riccardo Panattoni,2023-03-23 Taking seriously Jacques Lacan s claim that the unconscious is politics this volume proposes a new understanding of political power interrogating the assumption that contemporary capitalism functions by tapping into forms of unconscious enjoyment rather than providing transcendental conditions for the articulation of political meanings and desires Whether we re aware of it or not political communication today targets the audience s libidinal response through political and institutional language in policies speeches tweets social media appearances gestures and images Yet does this mean that current power structures no longer need symbolic or ideological frameworks The authors in this volume think not Far from demonstrating a shift to a post ideological age they argue instead that such methods inaugurate an altogether novel approach to political power Written by leading scholars from around the world including Roberto Esposito and Slavoj i ek each chapter reflects on contemporary power and inspires consideration of new political potentialities which our focus on politics in transcendental rather than immanent terms has thus far obscured In so doing Capitalism and the New Political Unconscious provides an original and forceful exploration of the centrality of both psychoanalytic theory and the philosophy of immanence to an alternative understanding of the political

Sack,2017-04-07 Imagined Theatres collects theoretical dramas written by some of the leading scholars and artists of the contemporary stage These dialogues prose poems and microfictions describe imaginary performance events that explore what might be possible and impossible in the theatre Each scenario is mirrored by a brief accompanying reflection asking what they might mean for our thinking about the theatre These many possible worlds circle around questions that include In what way is writing itself a performance How do we understand the relationship between real performances that engender imaginary reflections and imaginary conceptions that form the basis for real theatrical productions Are we not always imagining theatres when we read or even when we sit in the theatre watching whatever event we imagine we are seeing

Dominik Finkelde,Todd McGowan,2023-02-23 Responses to the Slovenian philosopher Slavoj i ek have been like i ek himself extreme Critics have accused him of charlatanism on the one hand while others have lauded his genius especially as a public intellectual on the other This makes it difficult to find any kind of nuanced or interesting critical appraisal of his work At its best i ek s work provides a new foundation of dialectical philosophy beyond the glitz of stardom or oversimplified sinister disdain i ek Responds combines philosophers and theorists engaging with i ek s philosophy in order to explore its unnoticed implications its conceptual problems or its unrealized potential With detailed and lively responses from i ek himself this book offers an unique insight into how this thinker might explain clarify and hone some of his most controversial and misunderstood ideas At once an introduction to i ek s most important concepts and a rare and novel insight into his thoughts on the criticisms of his work this is indispensable reading for both i ekians and their critics *Performance in the Blockades of Neoliberalism*

M. Wickstrom,2012-02-10 This book ranges from refugee camps in Palestine to halting sites of the Irish Travellers and elsewhere in search of a new politics practiced through performance Written through the intersection of performance and philosophy the book refutes neoliberalism s depoliticizing and strategic uses of humanitarianism human rights and development **Žižek through Hitchcock** Laurence Simmons,2021-05-12 Maverick Slovenian cultural theorist philosopher and psychoanalyst Slavoj i ek has made his name elaborating the complexities of psychoanalytic and Marxist theory through the exotic use of examples from film and popular culture But what if we were to take i ek s pretensions to

cinephilia and film criticism seriously In this book adopting i ek s own tactic of counterintuitive observation we shall read the corpus of Alfred Hitchcock s films one of the great achievements of Western civilization and i ek s idiosyncratic citation of them in order to arrive at a position where we can identify the core commitments that inform i ek s own work From the practice of Hitchcock we shall hopefully arrive at a theory of i ek just as i ek in his collection Everything You Always Wanted to Know About Lacan But Were Afraid to Ask Hitchcock Verso 1992 arrives at a theory of Lacan from the practice of Hitchcock To achieve this goal each chapter looks at a specific film by Hitchcock and explores a specific key concept crucial to the elaboration and core of i ek s ideas *The Performing Subject in the Space of Technology* M. Causey,E. Meehan,N. O'Dwyer,2015-07-19 This book reflects on the aftermath of shifts encountered in the maturing of digital culture in areas of critical theory and artistic practices focusing on the awareness that contemporary subjectivity is one that dwells within both the virtual and the real **Zizek and Law** Laurent de Sutter,2015-03-05 The very first book dedicated to Slavoj Zizek s theoretical treatment of law this book gathers widely recognized Zizek scholars as well as legal theorists to offer a sustained analysis of the place of law in Zizek s work Whether it is with reference to symbolic law psychoanalytical law religious law positive law human rights to Lacan s Hegel s or Kant s philosophies of law or even to Jewish or Buddhist law Zizek returns again and again to law And what his work offers this volume demonstrates is a radically new approach to law and a rethinking of its role within the framework of radical politics With the help of Zizek himself who here and for the first time directly engages with the topic of law this collection provides an authoritative account of Zizek and law It will be invaluable resource for researchers and students in the fields of law legal theory legal philosophy political theory psychoanalysis theology and cultural studies *From Agamben to Zizek* Jon Simons,2010-09-10 In these 15 taster essays you will discover the key concepts and critical approaches of the theorists who have had the most significant impact on the humanities since 1990 On completing each chapter you will find suggestions for further reading so that you can find out more and start applying the ideas in question In addition to chapters on individuals such as Badiou Ranciere and Spivak there are chapters on Laclau and Mouffe and a chapter on Green critical theorists
