Subverting the Leviathan James Martel, 2007-10-12 In Leviathan Thomas Hobbes's landmark work on political philosophy James Martel argues that although Hobbes pays lip service to the superior interpretive authority of the sovereign he consistently subverts this authority throughout the book by returning it to the reader Martel demonstrates that Hobbes's radical method of reading not only undermines his own authority in the text but by extension the authority of the sovereign as well To make his point Martel looks closely at Hobbes's understanding of religious and rhetorical representation In Leviathan idolatry is not just a matter of worshipping images but also a consequence of bad reading Hobbes speaks of the error of separated essences in which a sign takes precedence over the idea or object it represents and warns that when the sign is given such agency it becomes a disembodied fantasy leading to a kingdom of darkness To combat such idolatry Hobbes offers a method of reading in which one resists the rhetorical manipulation of figures and tropes and recognizes the codes and structures of language for what they are the only way to convey a fundamental inability to ever know the thing itself Making the leap to politics Martel suggests that following Hobbes's argument the sovereign can also be seen as idolatrous a separated essence a figure who supplants the people it purportedly represents and that learning to be better readers enables us to challenge if not defeat the authority of the sovereign
