- o Developing a funding model in order to plan for ICT developments together with a broader ICT action planning review to embed a revised E learning vision through a series of long term sustainable actions
- o Reviewing the curriculum in order to examine how the E Learning community will adapt its core practices to facilitate new technology
- o the evolving role of school websites as they assume interactivity and examine the place of E Learning within the extended schools agenda
- o Reviewing the use of ICT as a tool for management systems and discussing how ICT can be used to support different groups of children
- o examining self evaluation strategies linked to the school's SEF, the Ofsted Section 5 Framework and Every Child Matters.

The books have a companion website which will offer downloadable versions of the photocopiable sheets from the book as well as links to other sources of help and advice.
