manned them all are carefully detailed in *The Defences of Macau* These forts cannon and small arms were a familiar part of society for hundreds of years and a significant part of Macau s heritage Macau is fortunate in having so many artifacts remaining but very little research has been done on them Richard Garrett a retired civil engineer and an expert in antique weapons addresses this gap by identifying many rare and unique weapons More than 200 illustrations many in colour serve as a visual record of what has survived Some of the forts are included among Macau s World Heritage sites Many visitors and those interested in the history of the region will be interested in these forts and arms that remain in relative abundance in Macau The book will also appeal to those scholars specialising in military and arms history
