

Background information given:

Topic: Short-term trading, international accounting, short-term debt financing

Background:

Southampton plc has been negotiating a contract with a potential customer in Mexico. Before the negotiation started, the Mexican company requested the contract to be written in order to ensure the interests of Southampton. These requests were included in the contract and the customer had to accept them as the first step of the deal. The company has received some good information. The previous contract orders were not profitable even though the profit strategy was to concentrate on business in the UK.

The sales department has proposed the following statement showing that the contract will make a profit if it is written for the sales department to produce and estimate the appropriate level of expenditure in the next 12 months.

Obviously the management accountant will also be asked to estimate other expenses proposed by the sales department. As this order is different and other costs will be other business, it may be that the sales manager needs the management accountant to estimate for the contract before.

Statement prepared by sales department

Costs including direct £100,000 (cost sales)	£100,000
Admin (cost sales)	20,000
Overhead (cost sales)	10,000
General overhead (cost sales)	5,000
Administrative charges (cost sales)	10,000
Interest (cost sales)	10,000
Expenditure on machinery (cost sales)	5,000
Total	160,000

After the negotiation the management accountant prepared a profit report. The costs given are summarized below:

Summary from management accountant

- Notes:**
- 1) This figure will be used for the contract.
 - 2) This figure will include £100,000 of costs for goods that have already been received. This is the cost of carrying expenses to produce a deal with the negotiation.
 - 3) This is 50% of the cost of expenditure. It is estimated that the expenditure will be used about half the time on the contract. This cost will be included in £100,000 because for the purpose of the contract is completed on time.
