Slut Labels Book 2:

Classify and Label Matt L. Drabek, 2014-10-15 *Classify and Label The Unintended Marginalization of Social Groups* is a philosophical treatment of classification in the social sciences and everyday life focusing on moral social and political implications. The use of labels is essential to how people navigate and understand the world. Classifications and labels also have a dark side as they may unintentionally misrepresent groups and individuals. These misrepresentations disrupt how people think about themselves and how they treat others, sometimes leading to marginalization. Matt L. Drabek analyzes classification by considering rich case studies across a variety of domains including the classification of gender and sexual orientation, the psychiatric classification of sadomasochism and gender disorders, and the classification of people in everyday life through the production of pornography and use of gender identities. This broad sample reveals deep connections between the classifications proposed by social scientists and the classifications used by society at large. Drabek explores how classifications evolve from and eventually affect such seemingly disconnected issues as the situation of underrepresented groups in academia, new models of parenting and the family, the nature of sexual orientation, and the nature of scientific bias.

POTTER (The Trident Series Book 2) Jaime Lewis, 2020-08-25 Tenley Cortez finally had everything going for her: a job that she enjoyed, her friends and family, and a man who treated her with love and respect. But when her toxic ex-boyfriend shows back up and decides he wants to rekindle their relationship to further his shady business dealings, things get a little dicey, not to mention dangerous. His violent and cruel heart forces her to distance herself not only from the man she loves but her friends and family as well. She desperately wants to tell her story, but fear holds her silent. With her broken heart and constant fear, she throws herself into her work by traveling to Ecuador on a humanitarian aid trip. She was not expecting someone to be waiting there for her to further complicate her life. All that Rex Potter Richardson wanted to do was a simple life alone outside of his career as a Navy SEAL. That was until a few months ago when the gorgeous and outgoing Tenley Cortez walked into his life and stole his heart. After a sudden and unexplained breakup, Potter is left with questions. The sudden distance Tenley puts between herself and her friends and family further adds to the mystery. When Potter and the team are called out for a mission to South America, he learns a shocking revelation about Tenley that threatens to unravel everything. Together, can Potter and Tenley pick their way through the webs of deceit, blackmail, and violence to get their happily ever after?
