Lois Lane has been a paragon of journalistic integrity and the paramour of the world's strongest superhero. But her history is one of constant tension. From her earliest days, Lois yearned to make the front page of the Daily Planet but was held back by her damsel in distress role. When she finally became an ace reporter, asinine lessons and her tumultuous romance with Superman dominated her storylines for decades and relegated her journalism to the background. Through it all, Lois remained a fearless and ambitious character, and today she is a beloved icon and an inspiration to many. Though her history is often troubling, Lois's journey, as revealed in *Investigating Lois Lane*, showcases her ability to always escape the gendered limitations of each era and of the superhero genre as a whole.

Angel Investigations has moved from the Hyperion Hotel to running Wolfram & Hart, but has their conviction to be champions survived the upheaval? In his comprehensive unofficial guide to Season Five of Angel's world, Keith Topping, bestselling author of *Slayer: the unofficial guide to Buffy*, looks at each episode in turn, considering the links and cross references between Angel and Buffy, draws attention to logic flaws, points out numerous pop culture references, and discusses recurrent themes and coverage of Angel on the Internet. This essential guide to the final season of the popular show explores the world of Angel, Wesley, Gunn, Fred, Lorne, and Spike as they fight their own personal demons and the loneliness of the Big City in their search for redemption.
