Review:

For Jews, God is:

- - One;
- - Creator of the world and everything in it;
- - Transcendent and immanent: completely above and beyond the world yet completely present to it;
- - God is eternal and rules the universe;
- - God is one;
- - God is creator;
- - Creation is one;
- - God's divine providence or governorship extends to the whole world
- - Revealed to Abraham, gave the law to his people on Mount Sinai, and spoke to his people through the prophets.

Why is Judaism a "religion of the book"?

Judaism is a religion of the book because Jews dedicate them to the study of the law given on Mount Sinai as recorded in the Torah. Commentaries on the Torah

Studyguide: Theology in the Contemporary World Ben Pugh, 2017-10-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads. They are bombarded with claim and counter-claim as soon as they want to tackle anything topical. The contentious subjects tend to be the historical Jesus, gender and sexuality, or the atonement. Other subjects might be less contentious but attract an astonishing excess of literature. Take the vast literature tackling the subject of the Church, for instance, or the bloated body of tomes on various aspects of Pneumatology. This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive, approachable and informative. It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry. **Sitting at the Feet of Rabbi Jesus** Ann Spangler, Lois

Contemporary American Judaism Dana Evan Kaplan,2009-08-22 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living in all corners of the United States A pulpit rabbi and himself an American Jew Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today From Hebrew tattooing to Jewish Buddhist meditation Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities While pessimists worry about the vanishing American Jew Kaplan focuses on the creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible He believes that the reorientation of American Judaism has been a bottom up process resisted by elites who have only reluctantly responded to the demands of the spiritual marketplace The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising leading to innovative approaches that are supplanting existing institutions The result as Kaplan makes clear is an exciting transformation of what it means to be a religious Jew in twenty first century America

Conversion in India Laura Dudley Jenkins,2019-05-31 Hinduism is the largest religion in India encompassing roughly 80 percent of the population while 14 percent of the population practices Islam and the remaining 6 percent adheres to other religions The right to freely profess practice and propagate religion in India s constitution is one of the most comprehensive articulations of the right to religious freedom Yet from the late colonial era to the present mass conversions to minority religions have inflamed majority minority relations in India and complicated the exercise of this right In Religious Freedom

and Mass Conversion in India Laura Dudley Jenkins examines three mass conversion movements in India among Christians in the 1930s Dalit Buddhists in the 1950s and Mizo Jews in the 2000s Critics of these movements claimed mass converts were victims of overzealous proselytizers promising material benefits but defenders insisted the converts were individuals choosing to convert for spiritual reasons Jenkins traces the origins of these opposing arguments to the 1930s and 1940s when emerging human rights frameworks and early social scientific studies of religion posited an ideal convert an individual making a purely spiritual choice However she observes that India s mass conversions did not adhere to this model and therefore sparked scrutiny of mass converts individual agency and spiritual sincerity Jenkins demonstrates that the preoccupation with converts agency and sincerity has resulted in significant challenges to religious freedom One is the proliferation of legislation limiting induced conversions Another is the restriction of affirmative action rights of low caste people who choose to practice Islam or Christianity Last incendiary rumors are intentionally spread of women being converted to Islam via seduction Religious Freedom and Mass Conversion in India illuminates the ways in which these tactics immobilize potential converts reinforce damaging assumptions about women lower castes and religious minorities and continue to restrict religious freedom in India today
