Snopes Mail Server Report:

Saving the Republic Roger Kimball, 2018-01-23 America is embroiled in ideological conflict with the opposing partisan bulwarks of the Left and the Right widening a chasm that threatens the unity of our Republic The tumult in Washington has radiated into our universities homes and relationships from constitutional threats to the imposition on free speech to a sprawling unelected administrative state America is at a tipping point Fortunately Encounter s Broadside and Intelligence series offer indispensable ammunition for intelligent debate on these critical issues of our time With a staunch allegiance to the truth these timely essays resurrect 18th century pamphleteering to take on everything from the failures of the redistribution of wealth to the twisting of Title IX to the dangers of the increasingly unchecked media bias Saving the Republic a collection of Encounter interventions is a necessary resource of critical thought and commonsense on how to safeguard the promise of America Saving the Republic is edited by Roger Kimball with contributions from Jay Cost Philip Hamburger Mollie Ziegler Hemingway David B Kopel Greg Lukianoff Andrew C McCarthy Jared Meyer James Piereson Claudia Rosett Avik Roy Robert L Shibley Michael Walsh and Kevin D Williamson Together these authors make the definitive case for liberty and democratic capitalism at a time when they are under siege from the resurgence of collectivist sentiment

The Marginalized Majority Onnesha Roychoudhuri, 2018-07-10 This book is a daring intervention to get us back in the game and a witty delightfully personal meditation on collective power Naomi Klein The energy on the left has never been higher But because there are so many issues to tackle each one more urgent and divisive than the next some say progressives will once again fail to seize the moment and gain real power But what if we re getting the story all wrong In *The Marginalized Majority* Onnesha Roychoudhuri makes the galvanizing case that our plurality of identities is not only our greatest strength but is also at the indisputable core of successful progressive change throughout history From the civil rights movement to the Women s March mainstream media to Saturday Night Live Roychoudhuri illuminates how historical narratives are written and by holding the myths about our disenfranchisement up to the light reveals we have far more power than we re often led to believe With both clear eyed hope and electrifying power she examines our ideas about what s possible and what s necessary opening up space for action new realities and ultimately survival Now Roychoudhuri urges us is the time to fight like the majority we already are
