Language based Exercise Grammar feel or experience the concepts and theories learnt and thereby gain hands on experience.

Organizational Behavior Michael A. Hitt, C. Chet Miller, Adrienne Colella, Maria Triana, 2017-12-11 People, processes and technology. These are the three major drivers of business achievement. The best leaders inherently understand that great companies start with great people. This is as true now as it was during the beginning of the industrial revolution and understanding and staying current on the latest organizational behavior research and best practices paves the way for managerial success. In this updated edition of Organizational Behavior theory, new research and real world case studies are combined in an engaging manner to blend together the critical concepts and skills needed to successfully manage others and build a strong organization across all levels of a company. Featuring an in depth view of the process and practice of managing individuals, teams and entire organizations, the text provides a solid foundation for students and future managers.

Strategic Management A. Naga, In today's world change is the only constant factor. In the last few decades there has been a radical change in how organizations function. To survive in this highly volatile environment, companies need a long term strategic vision and thinking. In light of this, strategic management has become a significant topic and is taught as the core subject in MBA PGDM programmes in Indian universities and business schools. This is a book written in the context of the Indian business environment but with a global orientation. It is comprehensive and contemporary in its approach.

Islamic Counselling G. Hussein Rassool, 2015-07-16 Islamic counselling is a form of counselling which incorporates spirituality into the therapeutic process. Until now there has been little material available on the subject with no one agreed definition of Islamic counselling and what it involves. There has also been a rapidly growing population of Muslims in Western societies with a corresponding rise in need of psychological and counselling services. Islamic Counselling: An Introduction to theory and practice presents a basic understanding of Islamic counselling for counsellors and Islamic counsellors and provides an understanding of counselling approaches congruent with Islamic beliefs and practices from a faith based perspective. The book is designed as an

introduction for counsellors its goal is to inform the reader about how the diverse roles of the Islamic counsellor fit together in a comprehensive way and to provide the guidelines that can be potentially integrated into a theoretical framework for use The book is divided into two parts Section one Context and Background and Section two Assessment Models and Intervention Strategies Islamic Counselling encompasses both current theory research and an awareness of the practice implications in delivering appropriate and effective counselling interventions with Muslim clients It will be essential reading for both professionals and students alike
