derive their intensity from the author's own far-flung adventures conveying an impassioned unsparing vision borne only of experience. The powerful tales gathered here vividly evoke the turn of the century colonial Pacific and its capricious tropical landscape while also trenchantly observing the delicate interplay between imperialism and the exotic. And as Tony Horwitz asserts in his Introduction: When London's stories click, we are utterly there at the edge of the world and the limit of human endurance.

South Sea Tales, by Jack London,... Jack London, 1912 [Best Short Stories](#), 1929 **The South Seas** Sean Brawley, Chris Dixon, 2015-04-21

The South Seas charts the idea of the South Seas in popular cultural productions of the English-speaking world from the beginnings of the Western enterprise in the Pacific until the eve of the Pacific War. Building on the notion that the influences on the creation of a text and the ways in which its audience receives the text are essential for understanding the historical significance of particular productions, Sean Brawley and Chris Dixon explore the ways in which authors and producers' ideas about the South Seas were haunted by others who had written on the subject and how they in turn influenced future generations of knowledge producers. The South Seas is unique in its examination of an array of cultural texts. Along with the foundational literary texts that established and perpetuated the South Seas tradition in written form, the authors explore diverse cultural forms such as art, music, theater, film, fairs, platform speakers, surfing culture, and tourism.

Middlebrow Modernism Melinda J. Cooper,2022-10-01 Eleanor Dark 1901 85 is one of Australia s most innovative 20th century writers Her extensive oeuvre includes ten novels published from the early 1930s to the late 1950s and represents a significant engagement with global modernity from a unique position within settler culture Yet Dark s contribution to 20th century literature has been undervalued in the fields of both Australian literary studies and world literature Although two biographies have been written about her life there has been no book length critical study of her writing published since 1976 *Middlebrow Modernism* counters this neglect by providing the first full length critical survey of Eleanor Dark s writing to be published in over four decades Focusing on the fiction that Dark produced during the interwar years and reading this in the context of her larger body of work this book positions Dark s writing as important to the study of Australian literature and global modernism Melinda Cooper argues that Dark s fiction exhibits a distinctive aesthetic of middlebrow modernism which blends attributes of literary modernism with popular fiction It seeks to mediate and reconcile apparent binaries modernism and mass culture liberal humanism and experimental aesthetics settler society and international modernity The term middlebrow modernism also captures the way Dark negotiated cosmopolitan commitments with more place based attachments to nation and local community within the mid 20th century *Middlebrow Modernism* posits that Dark s fiction and the broader phenomenon of Australian modernism offer essential case studies for larger debates operating within global modernist and world literature studies providing perspectives these fields might otherwise miss **Robert Louis**

works than those of his contemporaries Henry James and Joseph Conrad
