Wall, 2017-11-16 A passionate pacey tome you should do anything for a copy of Kerrang I never wanted to be a big star I just wanted to be the biggest at what I do Powerful unstoppable heavy when that word still meant something good Meat Loaf as told to Mick Wall Everything in the story of Meat Loaf is big From the place he was born Texas to the family he was born into his father weighed 22 stone his uncle weighed over 40 stone while Meat Loaf himself weighed 17 stone before he was even in his teens to the sound he made a colossal collision between Richard Wagner Phil Spector and Bruce Springsteen and of course the records he sold nearly 50 million in Britain and America alone From a tumultuous childhood with an alcoholic father to the relentless abusive bullying he endured nobody could have predicted Meat Loaf's meteoric rise to fame But when the messianic rock opera Bat Out of Hell was released in 1977 it became one of the biggest albums of all time selling over 45 million copies worldwide to date Its release marked the start of a rollercoaster ride of incredible highs and seemingly career ending lows By the 80s Meat Loaf was battling with drug and alcohol addiction and escalating money problems But just when it seemed like it was all over the astonishing success of Bat Out of Hell II and the mega hit I'd Do Anything For Love But I Won't Do That marked an extraordinary new wave of success Now Mick Wall will bring this extraordinary story up to date drawing on the hours he spent with Meat Loaf both in interviews and on tour as well as offering up a unique insight from those who have known him best **Refracting the Canon in Contemporary British Literature and Film**, 2016-08-09

Contemporary works of art that remodel the canon not only create complex hybrid and plural products but also alter our perceptions and understanding of their source texts This is the dual process referred to in this volume as refraction that the essays collected here set out to discuss and analyse by focusing on the dialectic rapport between postmodernism and the canon What is sought in many of the essays is a redefinition of postmodernist art and a re-examination of the canon in the light of contemporary epistemology Given this dual process this volume will be of value both to everyone interested in contemporary art particularly fiction drama and film and also to readers whose aim it is to promote a better appreciation of canonical British literature *Transformational Ethics of Film* Martin P. Rossouw, 2021-05-31

What is the good of the film experience And how does the budding field of film as philosophy answer this question Charting new routes for film ethics Martin P Rossouw develops a critical account of the transformational ethics at work within the film as philosophy debate Whenever philosophers claim that films can do philosophy they also persistently put forward edifying practical effects potential transformations of thought and experience as the benefit of viewing such films Through rigorous appraisals of key arguments and with reference to the cinema of Terrence Malick Rossouw pieces together the idea of an inner makeover through cinema a cinemakeover which casts a distinct vision of film spectatorship as a practice of self transformation

Recasting much of the existing debate Martin Rossouw's emphasis on film's power for enacting ethical transformation rather than theoretical insight or discovery gives a much needed shot in the arm to a topic whose development has stalled in recent years This highly original book offers a unique and provocative contribution to the scholarship Rossouw is a persistent questioner often demonstrating sharp philosophical instincts Shawn Loht *Philosophy in Review* Vol 43 no 1 February 2023 At once a comprehensive record and a ceaseless meta critique Rossouw's *Transformational Ethics of Film* is a thorough and bittersweet investigation into the aspiration and limits of this strand of film philosophy scholarship Rossouw's detailed commitment to this critical exercise both provides a bountiful resource for film ethics scholarship bringing organized clarity to an otherwise scattered but nonetheless commanding school of thought and presents a potentially radical prospect for the position of meta hermeneutics in the world of art theory Daniel E Smith *New Review of Film and Television Studies* Vol 22 no 2 July 2024
