S border with Canada is the longest in the world The northern border divides the planet s two biggest trading partners and that relationship demands the fast easy flow of goods and services in both directions Since the events of 9 11 however the United States has slowly and steadily choked the flux of trade just in time parts shipments are in jeopardy trucks must wait for inspection and clearance people must be questioned The border is thickening In prose that is compelling impressive and at times frightening Derek Lundy s incredible journey is illuminating enough to change minds as great writing can sometimes do
