Centripetal Joyce / Joyce Centrifugal, 2025-08-28 In Dublin in June 2022 a symposium of scholars celebrated the centenary of the original publication of Joyce's *Ulysses*. This volume a gathering of selected papers presented at that event displays how vibrant and varied are the avenues of inquiry and research into Joyce's works today. From orality to elegy, contemplating comparisons with artists as different as Ovid, Derek Walcott and John Cage, these essays project inward, centripetally and outward, centrifugally to examine the receptions of Joyce's works, their legacies and the possible futures of Joyce studies.

Sowing Beauty James Hitchmough, 2025-05-01 A hopeful and expansive book for the gardener who sees a field as a canvas. Publishers Weekly: James Hitchmough is well regarded in the design world for his exuberant, colorful and flower-filled meadows. His signature style can be seen in prominent places like London's Olympic Park and the Botanic Garden at the University of Oxford. Using a distinct technique of sowing meadows from seed, he creates plant communities that mimic the dramatic beauty of natural meadows and offer a succession of blooms over many months, a technique that can be adapted to work in both large-scale public gardens and smaller residential gardens. *Sowing Beauty* shows you how to recreate Hitchmough's masterful romantic style. You'll learn how to design and sow seed mixes that include a range of plants, both native and exotic, and how to maintain the sown spaces over time. Color photographs show not only the gorgeous finished gardens but also all the steps along the way.

The ^A Oxford Handbook of the Disney Musical Dominic Broomfield-McHugh, Colleen Montgomery, 2025-03-28 The *Oxford Handbook of the Disney Musical* both celebrates and critiques one of the most enduring global phenomena and considers many of the studio's most popular animated films as well as Disney's extraordinarily rich activities such as video games, theme parks and television. By using new insights from the archives and bringing together a range of disciplinary perspectives, the Handbook presents an accessible but rigorous exploration of a century of cultural impact of the Walt Disney Company.

Marginal Urbanisms Felipe Hernández, 2017-05-11 This volume reflects on urban development strategies that have been implemented recently in Latin America. Over the past twenty years there has been great improvement in governmental efficiency with local and national governments executing important projects that increase the quality of life in cities. However, the causes of collective disadvantage which created the problems governments attempt to resolve continue to affect many people throughout the continent. Thus the essays here examine a wide range of socioeconomic, political, ethnic and historical issues that have influenced the emergence of marginal urbanisms in Latin American cities. The argument most strongly presented in this book is that infrastructural insertions need to be considered as the baseline for urban development, not as its main goal. Urban infrastructure cannot be taken as the only target for urban development programmes but rather as an instrument for achieving more significant and inclusive urban transformations that respond more adequately to the realities of the people who inhabit Latin American cities.
