Storia della danza italiana dalle origini ai giorni nostri José Sasportes, 2011 Opera, Theatrical Culture and Society in Late Eighteenth-Century Naples Anthony R. DelDonna, 2016-05-13 The operatic culture of late eighteenth century Naples represents the fullest expression of a matrix of creators practitioners theorists patrons and entrepreneurs linking aristocratic public and religious spheres of contemporary society The considerable resonance of Neapolitan opera in Europe was verified early in the eighteenth century not only through voluminous reports offered by locals and visitors in gazettes newspapers correspondence or diaries but also and more importantly through the rich and tangible artistic patrimony produced for local audiences and then exported to the Italian peninsula and abroad Naples was not simply a city of entertainment but rather a cultural epicenter and paradigm producing highly innovative and successful genres of stage drama reflecting every facet of contemporary society Anthony R DelDonna provides a rich study of operatic culture from 1775 1800 The book demonstrates how contemporary stage traditions stimulated by the Enlightenment engaged with and responded to the changing social political and artistic contexts of the late eighteenth century in Naples It focuses on select yet representative compositions from different genres of opera that illuminate the diverse contemporary cultural forces shaping these works and underlining the continued innovation and European recognition of operatic culture in Naples It also defines how the cultural milieu of Naples aristocratic and sacred private and public exercises a profound yet idiosyncratic influence on the repertory studied the creation of which could not have occurred elsewhere on the Continent **Opera in the Tropics** Rogério Budasz, 2019-03-22 Opera in the Tropics is an engaging exploration of theater with music in Brazil from early colonial times to the first decades of the nineteenth century **The Neapolitan Creative Economy** Rossella Del Prete, 2024-05-10 This book analyses the emergence and growth of the creative sector in Naples between the early modern and modern eras focusing particularly on the development of music markets in the city From the seventeenth century Naples became one of the most culturally enriched regions in the Italian peninsula with internationally known music schools theatres and opera venues attracting visitors from across Europe in a burgeoning tourist market This book sheds light on the driving economic factors and political contexts behind this key case study for the early growth of the opera and music sector in Europe Starting with a discussion of the value of economic history to understanding cultural industries the chapters approach this analysis through multiple lenses the formation of human capital as the result of Naples institutional urban welfare system the role of cultural consumption as it evolved from a primarily religious activity to growing popular demand and the role that central city authorities played in encouraging cultural activity through private investment and public policy The book also draws on fascinating archival research to examine the contribution of Naples music conservatories in the local creative economy This book is a valuable resource to a broad range of readers including those working in economic history tourism history the history of music and theatre Italian social history and more Nineteenth-Century Opera and the Scientific

La rifondazione degli studi teatrali in Italia dagli anni Sessanta al 1985 Roberta Ferraresi, 2020-01-29 La storia dello spettacolo in Italia una materia piuttosto nuova che si forma accademicamente nella temperie politica culturale e artistica che si snoda fra gli anni Sessanta e gli Ottanta Ma la sua vicenda molto più lunga e complessa Anzitutto perché poggia su di una tensione storiografica preesistente per questo più che di nascita nel nostro Paese si parla di rifondazione degli studi di teatro E poi in quanto alcune delle domande alla base del nuovo paradigma scientifico a partire dalla definizione stessa dell'oggetto d'indagine continuano a riverberare anche in seguito Incastonato com'è fra passato e futuro il processo di istituzione della disciplina non rappresenta esclusivamente uno snodo chiave nella nostra cultura teatrale novecentesca anche una tappa certo dirompente di una storia di più lunga durata da un lato in larga misura già in atto rispetto al momento che si soliti considerare il suo innesco e dall'altro lato per certi versi tuttora ben viva e attiva Questo libro ha il proposito di ricostruire i primi passi di tale progetto alla ricerca tanto delle ragioni che a un certo punto intorno alla metà del XX secolo hanno spinto una serie di giovani ricercatori a perimetrare il nuovo campo di studio quanto degli esiti di quei percorsi che hanno portato a immaginare e poi a concretizzare un altro nuovo modo di pensare e studiare il teatro all'interno dell'università che a tutt'oggi pone questioni ancora estremamente attuali

One Single Shot Guido Festinese, 2025-05-30T00:00:00+02:00 Un solo disco un solo colpo come si dice dei cecchini che hanno una sola pallottola per decidere della propria missione o delle persone che ce l'hanno fatta per una volta sola nella loro vita professionale Cecchini di se stessi come dice l'autore di questo libro sono riusciti a dare al pubblico un singolo disco un LP un successo magari planetario o magari anche solo annunciato per poi scomparire dalle luci della ribalta Decennio per decennio la successione di questi 52 successi forma una playlist formidabile un disco alla settimana per tutto l'anno ma oltre al piacere della scoperta permette di incontrare una lunga teoria di storie appassionanti di personaggi e gruppi che per una qualche

Come Sostakovic mi ha salvato la vita Stephen Johnson,2020-07-09T00:00:00+02:00 Perché l'ascolto di una musica triste o cupa ha spesso il potere di mostrare un raggio di luce alla mente incagliata fra le secche della depressione Da dove viene questa misteriosa capacità di una composizione musicale di suggerire all'umanità sofferente un invito alla resistenza e alla speranza Sono alcune delle domande a cui lo scrittore e musicista Stephen Johnson cerca di dare una risposta attraverso un'originale ricerca che prende spunto dalla sua battaglia personale contro il disagio psichico e dal ruolo decisivo che in essa ha giocato la conoscenza del percorso creativo e biografico di Dmitrij Sostakovic La musica del compositore russo a tratti fra le più intense aspre e strazianti scritte nel Ventesimo secolo eppure la sua capacità di riflettere con tanta esattezza e autenticità i traumi della psiche e più in generale della condizione umana spinge l'ascoltatore a una insperata presa di coscienza della propria capacità di emozionarsi nonostante tutto E riesce nel miracolo di inserire la sofferenza personale in un grande racconto collettivo Facendo appello alle conoscenze della neurologia e della psichiatria alla letteratura e alla filosofia Johnson ci invita a riflettere su questo potere curativo della musica e ci offre al tempo stesso un inedito ritratto di uno dei compositori più enigmatici e geniali del Ventesimo secolo
