Slave of Desire Daniel E. Beaumont, 2002 *Slave of Desire* through its analyses of various stories reveals *The 1001 Nights* to be a very different sort of work a sophisticated and subtle piece of literature that can provoke and disturb as much as it entertains and amuses **The Slave Soul of Russia** Daniel Rancour-Laferriere, 1995-03-01 Why asks Daniel Rancour Laferriere in this controversial book has Russia been a country of suffering Russian history religion folklore and literature are rife with suffering The plight of Anna Karenina the submissiveness of serfs in the 16th and 17th centuries ancient religious tracts emphasizing humility as the mother of virtues the trauma of the Bolshevik revolution the current economic upheavals wracking the country these are only a few of the symptoms of what *The Slave Soul of Russia* identifies as a veritable cult of suffering that has been centuries in the making Bringing to light dozens of examples of self defeating activities and behaviors that have become an integral component of the Russian psyche Rancour Laferriere convincingly illustrates how masochism has become a fact of everyday life in Russia Until now much attention has been paid to the psychology of Russia's leaders and their impact on the country's condition Here for the first time is a compelling portrait of the Russian people's psychology

Liminalities of Gender and Sexuality in Nineteenth-Century Iranian Photography Staci Gem Scheiwiller, 2016-12-01 Nineteenth century Iran was an ocular-centered society predicated on visibility and what was seen and unseen and photographs became liminal sites of desire that maneuvered betwixt and

between various social spaces public private seen unseen accessible and forbidden thus mapping graphing and even transgressing those spaces especially in light of increasing modernization and global contact during the nineteenth and early twentieth centuries Of primary interest is how photographs negotiated and coded gender sexuality and desire becoming strategies of empowerment of domination of expression and of being seen Hence the photograph became a vehicle to traverse multiple locations that various gendered physical bodies could not and it was also the social and political relations that had preceded the photograph that determined those ideological spaces of im mobility In identifying these notions in photographs one may glean information about how modern Iran metamorphosed throughout its own long dur e or resisted those societal transformations as a result of modernization
