Still Hillsong Lead Sheet:

People in Glass Houses Tanya Levin, 2007-07-25 The eighties were my formative years and while other teenagers were gyrating to rock n roll we were praying for revival We were taking communion not cocaine We treated virginity like a wedding present not a cold sore And why wouldn't we We were told we could be we already were anything we wanted to be We were armed and dangerous Armed with the power of God and dangerous in the eyes of Satan Tanya Levin grew up in the church that became Hillsong the country's most ambitious entrepreneurial and influential religious corporation People in Glass Houses tells how a small Assemblies of God church in a suburban school hall became a multi million dollar tax free enterprise and a powerful force in Australia today Opening up the world of Christian fundamentalism this is a powerful personal and at times very funny exploration of an all singing all swaying mega church Music, Branding and Consumer Culture in Church Tom Wagner, 2019-10-16 Starting as a single congregation in Australia Hillsong Church now has campuses worldwide releases worship music that sells millions of albums and its ministers regularly appear in mainstream media So how has a single church gained such international prominence This book offers an ethnographic exploration of the ways in which music and marketing have been utilised in the pursuit and production of spiritual experience for members of Hillsong Church An experience that has proven to be incredibly popular The main theme of this book is that marketing specifically branding is not just a way to sell religion but rather an integral part of spiritual experience in consumer society Focussing on the London Hillsong church as a case study the use of its own music in tandem with strong branding is shown to be a co and re productive method of organizing patterning and communicating information The church provides the branded material and cultural context in which participants sacred experience of self unfolds However this requires participants to do the work to properly understand and ultimately embody the values associated with the brand This book raises important questions about the role of branding and music in forming modern sacred identities As such it will be of great interest to scholars of Religious Studies Ethnomusicology and Media Studies **Cool Christianity** Cristina Rocha, 2024 This book is an ethnographic account of how Pentecostalism expands globally It examines the rise of the Australian megachurch Hillsong its global spread and its appeal to young middle class Brazilians It shows that Hillsong's adoption of the Cool Christianity style through music digital media branding and celebrity culture elicits excitement pleasure and pride amongst its expanding global following For Brazilian middle class youth the church also gives them a sense of cosmopolitan belonging to a Christian community located in the Global North By joining Hillsong they seek to distinguish themselves from the impoverished followers of Brazilian Pentecostal churches and their values The Spirit and the Song Steven Félix-Jäger, Chris E. W. Green, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God's Spiritedness Can the experience of music speak to human spiritedness the world's transcendentality or a person's own self

transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music's placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music
