The extreme skinny hugs the body more tightly than our skinny fit all the way from the hip to the ankle. The extreme skinny has a low rise and up fly.

The skinny fit hugs the body all the way from the hip to the ankle for a tight-but not too tight - fit. The skinny has a low rise and up fly.

With more room in the seat and around the thighs, this fit then narrows from the knee to create a tapered effect with a lower rise and up fly.

The slim fit is designed to be close to the seat and slim through the leg, creating a slender comfortable fit. Regular rise with up fly.

Straight all the way down from the hip through the leg, this fit is a little looser around the calves and slightly more relaxed seat with a regular rise with up fly.

The loose fit sits away from the seat, thigh and legs. It is our most relaxed and roomiest fit with a regular rise and up fly.
