Out of the Shadows Emily Midorikawa, 2021-05-11 Queen Victoria s reign was an era of breathtaking social change but it did little to create a platform for women to express themselves But not so within the social sphere of the s since a mysterious

lamp lit world on both sides of the Atlantic in which women who craved a public voice could hold their own Out of the Shadows tells the stories of the enterprising women whose supposedly clairvoyant gifts granted them fame fortune and most important influence as they crossed rigid boundaries of gender and class as easily as they passed between the realms of the living and the dead The Fox sisters inspired some of the era s best known political activists and set off a transatlantic s ance craze While in the throes of a trance Emma Hardinge Britten delivered powerful speeches to crowds of thousands Victoria Woodhull claimed guidance from the spirit world as she took on the millionaires of Wall Street before becoming America s first female presidential candidate And Georgina Weldon narrowly escaped the asylum before becoming a celebrity campaigner against archaic lunacy laws Drawing on diaries letters and rarely seen memoirs and texts Emily Midorikawa illuminates a radical history of female influence that has been confined to the dark until now
