Keith Booker, 2001-05-30 The 1950s are widely regarded as the golden age of American science fiction This book surveys a wide range of major science fiction novels and films from the long 1950s the period from 1946 to 1964 when the tensions of the Cold War were at their peak The American science fiction novels and films of this period clearly reflect Cold War anxieties and tensions through their focus on such themes as alien invasion and nuclear holocaust In this sense they resemble the observations of social and cultural critics during the same period Meanwhile American science fiction of the long 1950s also engages its historical and political contexts through an interrogation of phenomena such as alienation and routinization that can be seen as consequences of the development of American capitalism during this period This economic trend is part of the rise of the global phenomenon that Marxist theorists have called late capitalism Thus American science fiction during this period reflects the rise of late capitalism and participates in the beginnings of postmodernism described by Frederic Jameson as the cultural logic of late capitalism

The Bristoe Campaign Adrian Tighe, 2011-03-14 Described by John Esten Cooke of JEB Stuart's staff as one of the liveliest episodes of the late war the Bristoe Campaign was a small and seemingly unimportant event sandwiched between the battle at Gettysburg and the Wilderness bloodbath Bristoe receives scant attention from historians despite being an attempt by Lee to seize the strategic initiative Marking the decline in Confederate leadership Lee's inability to compensate and the growing Union confidence and capability The campaign outcome was significant being the turning point of the war as Lee was now on the defensive and the Union forces held the initiative

Chinese and Japanese Films on the Second World War King-fai Tam, Timothy Y. Tsu, Sandra Wilson, 2014-10-24 This book examines representations of the Second World War in postwar Chinese and Japanese cinema Drawing on a wide range of scholarly disciplines and analysing a wide range of films it demonstrates the potential of war movies for understanding contemporary China and Japan It shows how the war is remembered in both countries including the demonisation of Japanese soldiers in postwar socialist era Chinese movies and the pervasive sense of victimhood in Japanese memories of the war However it also shows how some Chinese directors were experimenting with alternative interpretations of the war from as early as the 1950s and how despite the resurgence of nationalism in Japan since the 1980s the production of Japanese movies critical of the war has continued The Biggest

Civil War Battles of 1863 Charles River Editors, 2025-05-02 Americans have long been fascinated by the Civil War and its biggest battles particularly Gettysburg Antietam and Shiloh all of which involved Robert E Lee or Ulysses S Grant But one of the 6 biggest battles of the war and the one that took the heaviest toll by % on both armies was fought at the end of 1862 in Tennessee and it involved neither of those generals In late December 1862 William Rosecrans s Union Army of the Cumberland was contesting Middle Tennessee against Braxton Bragg s Army of Tennessee and for three days the two armies savaged each other as Bragg threw his army at Rosecrans in a series of desperate assaults Bragg s army was unable to dislodge the Union army and he eventually withdrew his army after learning that Rosecrans was on the verge of receiving reinforcements Though the battle was stalemated the fact that the Union army was left in possession of the field allowed Rosecrans to declare victory and embarrassed Bragg Though Stones River is mostly overlooked as a Civil War battle today it had a decisive impact on the war The two armies had both suffered nearly 33% casualties an astounding number in 1862 that also ensured Rosecrans would not start another offensive campaign in Tennessee until the following June Lee s heavily outnumbered army won the most stunning victory of the war at Chancellorsville but it cost them Stonewall Jackson Moreover the reorganization of the armies and the battle itself played an influential role in the way the Pennsylvania Campaign and the Battle of Gettysburg unfolded later that summer After the South had lost the war the importance of Gettysburg as one of the high tide marks of the Confederacy became apparent to everyone making the battle all the more important in the years after it had been fought While former Confederate generals cast about for scapegoats with various officers pointing fingers at Robert E Lee James Longstreet and James Stuart historians and avid Civil War fans became obsessed with studying and analyzing all the command decisions and army movements during the entire campaign Despite the saturation of coverage Americans refuse to grow tired of visiting the battlefield and reliving the biggest battle fought in North America At the start of 1863 Robert E Lee s Army of Northern Virginia had been frustrating the Union in the Eastern theater for several months but the situation in the West was completely different The Confederates had lost control of several important states throughout 1862 and after New Orleans was taken by the Union the North controlled almost all of the Mississippi River which Confederate general James Longstreet called the lungs of the Confederacy By taking control of that vital river the North would virtually cut the Confederacy in two putting the South in a dire situation The only domino left to fall was the stronghold of Vicksburg and both sides knew it The Union Army of the Tennessee led by Ulysses S Grant would spend months trying to encircle the army and eventually force John Pemberton s Confederate army to surrender Grant eventually succeeded on July 4 1863 but since it came a day after the climactic finish of the Battle of Gettysburg Vicksburg was and still is frequently overlooked as one of the turning points of the Civil War In fact had the Confederate s military leadership listened to Longstreet who advocated detaching soldiers from Lee s army to head west and help the Confederates deal with Grant or Rosecrans in that theater the Battle of Gettysburg might never have happened *Women in War Films* Ralph

Donald, Karen MacDonald, 2014-04-04 War has been depicted in cinema for more than a century from early silent films to more recent blockbusters such as Saving Private Ryan and Lone Survivor. Most war films, especially combat films, are about men engaged in battle. But while Hollywood has reinforced the cultural stereotype of war as a man's job, women have not been completely invisible in many of these films, whether waiting for their men to return home or standing shoulder to shoulder with their male counterparts on the battlefield. In *Women in War Films: From Helpless Heroine to G.I. Jane*, Ralph Donald and Karen MacDonald examine the representations of females in war throughout the history of film. They identify various types of women portrayed in these films: from home front wives and daughters supporting their loved ones from afar to nurses and doctors stationed near the front lines of combat. The authors also look at depictions of foreign females who comfort homesick soldiers, ordinary women who unexpectedly encounter the enemy, female spies, and modern enlistees taking on roles traditionally reserved for men. Through these representations, the authors explore what war films say about the culture that created them and the social construction of reality that these films assert. The book covers an array of war films distributed in the United States, including *Hearts of the World*, *Wings*, *Mata Hari*, *Mrs. Miniver*, *Casablanca*, *Cry Havoc*, *Since You Went Away*, *The Best Years of Our Lives*, *From Here to Eternity*, *The Americanization of Emily*, *M.A.S.H.*, *Coming Home*, *Courage Under Fire*, *G.I. Jane*, and *Zero Dark Thirty*. Featuring an extensive filmography, *Women in War Films* will appeal to scholars of gender studies, history, and film, as well as to readers interested in the evolving portrayals of females in military-related cinema.

Patton at the Battle of the Bulge Leo Barron, 2015-11-03 December 1944. For the besieged American defenders of Bastogne, time was running out. Hitler's forces had pressed in as their ammunition dwindled and the weary paratroopers of the 101st Airborne could only hope for a miracle—a miracle in the form of General George S. Patton and his Third Army. Here, Army veteran and historian Leo Barron explores one of the most famous yet little understood clashes of the war, a vitally important chapter in one of history's biggest battles.

[The Chickenhawk Syndrome](#) Cheyney Ryan, 2009-05-16 In recent years, the question of war and sacrifice has been a major topic of political debate and controversy. If our country goes to war for reasons we endorse, what is our responsibility to share in its sacrifices? Does supporting a war mean serving in it? Does it mean encouraging our children to do so? Such questions have been posed by the so-called chickenhawk phenomenon: pro-war leaders and their pro-war children who call on Americans to assume the burden of war and its sacrifices but avoid those sacrifices themselves. President Bush and other architects of the Iraq conflict were the most prominent chickenhawks. Cheyney C. Ryan argues that the chickenhawk issue is not just a matter of personalities; it will remain with us for a long time, even though the Bush administration has left office. Ryan poses fundamental questions of war and personal sacrifice, pointing to the basic disconnection in American politics generally between the support for war and the willingness to assume its costs, which he calls *Alienated War*. Calling for the reinvigoration of civic involvement, this illuminating and insightful book offers both a philosophical and historical exploration of America's citizen soldier tradition and the consequences involved in
