The Report: Kuwait Oxford Business Group, 2015-09-28. Kuwait is one of the biggest players in the global energy market with its proven oil reserves currently the sixth largest in the world. Although revenues from hydrocarbons account for more than 60% of GDP and 95% of exports, the country's low production costs and sizeable fiscal reserves mean it is well positioned to cope with lower oil prices in the short term. This is clear from the government's ongoing commitment to delivering projects outlined in the national development strategy, Kuwait Vision 2035. In the financial services sector, Kuwait continues to perform well as a series of regulations put in place by the Central Bank of Kuwait in recent years have served to shore up the sector's recovery from the global economic downturn. *The Report: Ajman 2008*, 2008. *The Report: Dubai 2015* Oxford Business Group, 2011-01-12. Already a regional and global centre for business and finance, Dubai's reputation has been bolstered by the MSCI's decision to upgrade the UAE from frontier to emerging market status in 2014, while the emirate's successful Expo 2020 bid is expected to generate myriad opportunities for private investors across a range of sectors. Construction is thriving once again, driven in large part by strong retail sector growth with various projects, including plans for the world's largest mall, indicating that the sector will maintain its position as the emirate's biggest GDP contributor moving forward. The transport and logistics framework is set for major expansion in the coming years, as well as further cementing the emirate's status as a leading transport and logistics hub, not just regionally but globally too. The continued development of Dubai's retail and hospitality offerings alongside the upgrades to its airports should help to ensure robust growth in visitor numbers from both the region and further afield. **Impacts Of The Proposed Himalayan Ski Village Project In Kullu, Himachal Pradesh**,
