Reading by Starlight Damien Broderick, 2005-06-29 Reading by Starlight explores the characteristics in the writing marketing and reception of science fiction which distinguish it as a genre Damien Broderick explores the postmodern self referentiality of the sci fi narrative its intricate coded language and discursive encyclopaedia He shows how for perfect understanding sci fi readers must learn the codes of these imaginary worlds and vocabularies all the time picking up references to texts by other writers Reading by Starlight includes close readings of paradigmatic cyberpunk texts and writings by SF novelists and theorists including Isaac Asimov Arthur C Clarke Brian Aldiss Patrick Parrinder Kim Stanley Robinson John Varley Roger Zelazny William Gibson Fredric Jameson and Samuel R Delaney

Science Fiction and the Dismal Science Gary Westfahl, Gregory Benford, Howard V. Hendrix, 2019-12-10 Despite the growing importance of economics in our lives literary scholars have long been reluctant to consider economic issues as they examine key texts This volume seeks to fill one of these conspicuous gaps in the critical literature by focusing on various connections between science fiction and economics with some attention to related fields such as politics and government Its seventeen contributors include five award winning scholars five science fiction writers and a widely published economist Three topics are covered what noted science fiction writers like Robert A Heinlein Frank Herbert and Kim Stanley Robinson have had to say about our economic and political future how the competitive and ever changing publishing marketplace has affected the growth and development of science fiction from the nineteenth century to today and how the scholars who examine science fiction have themselves been influenced by the economics of academia Although the essays focus primarily on American science fiction the traditions of Russian and Chinese science fiction are also examined A comprehensive bibliography of works related to science fiction and economics will assist other readers and critics who are interested in this subject

Science Fiction: A Guide for the Perplexed Sherryl Vint, 2014-03-13 From its beginnings in the works of H G Wells and Jules Verne to the virtual worlds of William Gibson's Neuromancer and The Matrix Science Fiction A Guide to the Perplexed helps students navigate the often perplexing worlds of a perennially popular genre Drawing on literature as well as example from film and television the book explores the different answers that criticism has offered to the vexed question what is science fiction Each chapter of the book includes case studies of key texts annotated guides to further reading and suggestions for class discussion to help students master the full range of contemporary critical approaches to the field including the scientific technological and political contexts in which the genre has flourished Ranging from an understanding of the genre through the stereotypes of 1930s pulps through more recent claims that we are living in

a science fictional moment this volume will provide a comprehensive overview of this diverse and fascinating genre *The Rise of the Cyberzines: The Story of the Science-Fiction Magazines from 1991 to 2020* Mike Ashley, 2022-02-15 Shortlisted for the Locus Science Fiction Foundation Non Fiction Award 2023 The Rise of the Cyberzines concludes Mike Ashley's five volume series which has tracked the evolution of the science fiction magazine from its earliest days in the 1920s to its current explosion via the internet This series has traced the ways in which the science fiction magazine has reacted to the times and often led the way in breaking down barriers for example in encouraging a greater contribution by women writers and stimulating science fiction globally Magazines have continued to build upon past revolutions such as the new wave and cyberpunk producing a blend of high tech science fiction and expansive speculative fiction that has broadened the understanding of science and its impact on society This final volume which covers the years 1991-2020 shows how the online magazine has superseded the print magazine and has continued to break down barriers especially for the LGBTQ community and for writers of colour

Canada-Australia Kate Burridge, Lois Foster, Gerry Turcotte, 1997-08-15 This volume is the result of the Association for Canadian Studies in Australia and New Zealand ACSANZ 1995 conference held at La Trobe University in Melbourne Australia A special feature of the conference though not its exclusive focus was trade relations But as with all ACSANZ conferences the papers were wide ranging and contributors were not limited to a single theme This publication is a refereed collection from more than sixty papers that were presented and range from discussions of immigration policy in Canada and Australia to architectural practices in British Columbia from Canadian influences on Australia's economic development to issues of identity politics in each nation's literature In addition the collection represents major research in the areas of globalization migration pluralism and ethnic relations with a strongly though not exclusively comparative orientation This work is a co publication with the International Council for Canadian Studies

The Year's Best Science Fiction, 2002 **The Oxford Handbook of Science Fiction** Rob Latham, 2014-09-01 The excitement of possible futures found in science fiction has long fired the human imagination but the genre's acceptance by academe is relatively recent No longer marginalized and fighting for respectability science fictional works are now studied alongside more traditional art

forms Tracing the capacious genre's birth evolution and impact across nations time periods subgenres and media The Oxford Handbook of Science Fiction offers an in depth comprehensive assessment of this robust area of scholarly inquiry and considers the future directions that will dictate the terms of the scholarly discourse The Handbook begins with a focus on questions of genre covering topics such as critical history keywords narrative the fantastic and fandom A subsequent section on media engages with film television comics architecture music video games and more The genre's role in the convergence of art and everyday life animates a third section which addresses topics such as UFOs *Science Fiction Studies* ,2000

Worlds Apart? Dunja M. Mohr,2025-10-09 Literary critics and scholars have written extensively on the demise of the utopian spirit in the modern novel What has often been overlooked is the emergence of a new hybrid subgenre particularly in science fiction and fantasy which incorporates utopian strategies within the dystopian narrative particularly in the feminist dystopias of the 1980s and 1990s The author names this new subgenre transgressive utopian dystopias Suzette Haden Elgin's Native Tongue trilogy Suzy McKee Charnas Holdfast series and Margaret Atwood's The Handmaid's Tale are thoroughly analyzed within the context of this this new subgenre of transgressive utopian dystopias Analysis focuses particularly on how these works cover the interrelated categories of gender race and class along with their relationship to classic literary dualism and the dystopian narrative Without completely dissolving the dualistic order the feminist dystopias studied here contest the notions of unambiguity and authenticity that are generally part of the canon **Index to Science Fiction Anthologies and Collections** William Contento,1978
