experience Rudolf Steiner began his great work of renewing humanity's understanding of the Mystery of Golgotha and its meaning for human and earthly evolution Accordingly he turned to the deepest most spiritual of the Gospels that of the initiate St John In this lecture course readers will find that the incarnation death and resurrection of the Divine Word or Logos reveals the mission of the Earth Love We learn of the mysteries behind Lazarus resurrection the I AM sayings and the seven degrees of initiation We come to understand that the Gospel of St John is a continuing spiritual presence to be recalled meditated and permeated with one's own life In doing so we realized that our purpose and that of all humankind is to become the Virgin Sophia a receptacle for the Holy Spirit All of Steiner's work as Marie Steiner writes in her introduction was to pave the way to Christ Indeed at the conclusion of these lectures Rudolf Steiner said It will come to be understood that Christianity is only beginning its influence and will fulfill its real mission only when it is understood in its true spiritual form The more these lectures are understood in this sense the better they will be understood as they were intended This volume is essential if one is to truly understand Rudolf Steiner's understanding of esoteric Christianity and its place in the world today and in the future This volume is a translation of Das Johannes Evangelium GA 103 Connecting With Young Children: Educating the Will Stephen Spitalny, 2012-01-02 A guide to the world of the young child this book is an amazing resource for developing capacities for true connecting with young children as a support to their own development Christ and Sophia Valentin Tomberg, R H Bruce, 2011-03 In these astounding meditations on the true Christian nature of the scriptures Tomberg shows how the central story of entire Bible is really a history of the Christ being He describes the cosmic and earthly preparations for the Mystery of Golgotha its significance and results for humanity and the world as a whole and the central role of the Sophia being and her relationship to the Christ the Holy Spirit the Disciples and Pentecost and all of humanity He also imagines the Grail nature of the Christ's involvement in earthly history All of Valentin Tomberg's profound studies are finally available in a single volume Drawn from four difficult to find and out of print editions this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament the New Testament and the Apocalypse while the appendix contains his final unfinished work The Four Sacrifices of Christ Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to esoteric Christianity as revealed by a close meditative reading of the Bible from Genesis to John's Revelation This volume contains English translations of these works by Valentin Tomberg Anthroposophisch Betrachtungen ber des Alte Testament Anthroposophische Betrachtungen ber das Neue Testament Geisteswissenschaftliche Betrachtungen ber die Apokalypse des Johannes **The Sun Mystery and the Mystery of Death and Resurrection** Rudolf Steiner, 2006 The unconscious psyche of the child is truly limitless in extent and of incalculable age C G Jung The Beejumbum Book offers a journey into a world of fantasy that deep down each of us knows and longs for It tells the story of Teak a child living abroad between the two World Wars Teak's mother tells her not to worry

The Stages of Higher Knowledge Rudolf Steiner, 2009-08 What does it mean to be human Human development unfolds in a twofold way On the one hand there is an ever more profound incarnation or inhabitation of the physical body On the other hand there is the increasing discrimination of the individual objects of the world Difficulties and obstacles along this path can lead to so called disabilities K nig s approach to curative education allows us to see these disabilities as meaningful ways of coping with or resolving the various problems that arise in living in a physical body From this point of view disabilities are exaggerated forms of ways we all use to cope with life The point is not only to see the deviations but to see them against the mighty backdrop of a comprehensive child anthropology Being Human presents the outline of just such a comprehensive anthropology Being Human is of value not only to those working in special education but to anyone interested in the dynamics of incarnation and normal development

An Esoteric Cosmology Rudolf Steiner, 2008 A congress of the Federation of European Sections of the Theosophical Society was held in Paris in May 1906 Rudolf Steiner attended with a number of students and presented a series of lectures to a small circle of friends mostly society members Edouard Schur was present and made succinct notes of those talks the result of which is *An Esoteric Cosmology* Evolution Christ and Modern Spirituality In its foreword Schur describes his initial impressions of Rudolf Steiner and the force of his vision These priceless lectures mark a significant phase of Rudolf Steiner s thought that of the spontaneous burst of his genius and its first crystallization Indeed his notes record perhaps the first general outline and summary of what would become Anthroposophy or spiritual science At the time of these lectures most members viewed Theosophy as a kind of Europeanized Indian philosophy Thus one purpose of these lectures was to outline Steiner s Christ centered spiritual science in contrast to the more Eastern orientation of Theosophy He carefully connected the essence of spiritual science to the role of the Christ in human evolution as well as to the Rosicrucian and Christian mystery traditions the primary carriers of the esoteric Christian stream To accomplish this Steiner presented the roots of Christianity in the ancient mysteries and in the evolution of the whole universe itself The miracle of these lectures perhaps is that Steiner was able to condense such a grand cosmology into these eighteen lectures and that Edouard Schur was able to capture their essence in the relatively brief notes that constitute this book A few years later the substance of these lectures were expanded and presented in Rudolf Steiner s *Outline of Esoteric Science* These lecture notes will prove invaluable for all those who wish to better understand that book as well as

of events depicted in Christian scriptures he is nevertheless generally ignored by scientists and philosophers as well as by both liberal and fundamentalist scriptural scholars and theologians In this book Robert McDermott the editor of American Philosophy and Rudolf Steiner which investigates Steiner s philosophy in the context of American philosophers places Steiner and his work in the context of a variety of spiritual teachers and teachings both Western and Eastern In doing so the reader is guided to new perspectives that show the similarities and contrasts between Steiner s Spiritual Science and a number of Christian Hindu Buddhist and secular spiritual worldviews The kindred spirits in this book include His Holiness the Dalai Lama C G Jung Teilhard de Chardin Martin Buber Sri Aurobindo Rabindranath Tagore Gandhians feminists ecologists and more Steiner went as far up the spiritual ladder as any modern individual but unlike some enthusiasts for Steiner McDermott is also impressed by other religious thinkers and spiritual practitioners who have been helpful to those of us in need of encouragement and guidance and whose vistas and insights may not have been researched or explained by Steiner For those with unbiased open minds this book presents a fresh look at Rudolf Steiner a modern spiritual initiate and his contributions to the world along with a generous and appreciative view of his kindred spirits of our time Change Within, Change the World Jane Rigney Battenberg DCH MA, 2018-09-18 Humanity and life on planet Earth are quickly approaching the make or break point and the generations who have long worked for change as well as today s courageous young people are frustrated by what passes for leadership Yet they are all too aware that the time for action is now Change Within Change the World offers the skills for manifesting a life saving world saving agenda by changing within and changing the world simultaneously Author Jane Battenberg shares inspirations and fresh ideas to support these skills and endeavors providing a brilliant comprehensive road map for bringing hope and stability to our chaotic world And after first learning about how we have arrived at this tipping point in our world you are invited not just to work but to play as you look within for the power the passion and the wisdom to transform yourself and the world both inside and out
