11	In cell J26, use a formula or function to calculate the total cost of the order. Do not include any blank cells or non-numeric data in your calculation.
12	- Check your work carefully to ensure you have completed all parts to the best of your ability. - Indicate to your instructor that you are ready to have your work marked.
13	After being marked, delete the Skill Check files from the desktop. Do not save a copy or move files to your H: drive. If you had any difficulties, review those concepts as soon as possible!
