Riley,2008 Medical simulation is a relatively new science that is achieving respectability among healthcare educators worldwide Simulation and skills centres have become established to integrate simulation into mainstream education in all medical nursing and paramedical fields Borrowing from the experience and methodologies of industries that are using simulation medical educators are grappling

with the problem of rapidly acquiring the skills and techniques required to implement simulation programmes into established curricula This book assists both novice and experienced workers in the field to learn from established practitioners in medical simulation Simulation has been used to enhance the educational experience in a diverse range of fields therefore a wide variety of disciplines are represented The book begins with a section on the logistics of establishing a simulation and skills centre and the inherent problems with funding equipment staffing and course development and promotion Section two deals with simulators and related training devices that are required to equip a stand alone or institution based centre The features strengths and weaknesses of training devices are presented to help the reader find the appropriate simulator to fulfil their training requirements There is a guide to producing scenarios and medical props that can enhance the training experience The third section covers adult education and it reviews the steps required to develop courses that comply with best practice in medical education Teaching skills facilitating problem based learning groups and debriefing techniques are especially important to multidisciplinary skills centres that find themselves becoming a centre for medical education The manual concludes with guides for the major specialties that use simulation including military paediatrics CPR and medical response teams obstetrics and anaesthesia Manual Training Magazine Charles Alpheus Bennett, William Thomas Bawden, 1925 The Jet Sex Victoria Vantoch, 2013-03-05 In the years after World War II the airline stewardess became one of the most celebrated symbols of American womanhood Stewardesses appeared on magazine covers on lecture circuits and in ad campaigns for everything from milk to cigarettes Airlines enlisted them to pose for publicity shots mingle with international dignitaries and even serve in sequined minidresses as the official hostesses at Richard Nixon's inaugural ball Embodying mainstream America's perfect woman the stewardess was an ambassador of femininity and the American way both at home and abroad Young beautiful unmarried intelligent charming and nurturing she inspired young girls everywhere to set their sights on the sky In The Jet Sex Victoria Vantoch explores in rich detail how multiple forces business strategy advertising race sexuality and Cold War politics cultivated an image of the stewardess that reflected America's vision of itself from the wholesome girl next door of the 1940s to the cosmopolitan glamour girl of the Jet Age to the sexy playmate of the 1960s Though airlines marketed her as the consummate hostess an expert at pampering her mostly male passengers while mixing martinis and allaying their fears of flying she bridged the gap between the idealized 1950s housewife and the emerging working woman On the international stage this select cadre of women served as ambassadors of their nation in the propaganda clashes of the Cold War The stylish Pucci clad American stewardess represented the United States as middle class and consumer oriented hallmarks of capitalism's success and a stark contrast to her counterpart at Aeroflot the Soviet national airline As the apotheosis of feminine charm and American careerism the stewardess subtly bucked traditional gender roles and paved the way for the women's movement Drawing on industry archives and hundreds of interviews this vibrant cultural history offers a fresh perspective on the sweeping changes in

twentieth century American life *Resources in Education* ,2000 **Research in Education** ,1972 *Manual Training Magazine* ,1918 **The American School Board Journal** William George Bruce,William Conrad Bruce,1923 *What the Village Gave Me* Denise Davis-Maye,Annice Dale Yarber,Tonya E.
