Applicative Justice Naomi Zack, 2016-03-04 Naomi Zack pioneers a new theory of justice starting from a correction of current injustices While the present justice paradigm in political philosophy and related fields begins from John Rawls s 1970 Theory of Justice Zack insists that what people in reality care about is not justice as an ideal but injustice as a correctable ill For a way to describe real injustice and the society in which it occurs Zack resurrect Arthur Bentley s key insight that government and law or political life is a constant process of contending interest groups throughout society Bentley s main idea allows for a resolution of the contradiction between formal legal equality for U S minorities and post civil rights practical inequality Just law and unjust practice co exist as a fact of political life The correction of injustice in reality requires applicative justice in a comparison between those who are treated unjustly with those who are treated justly and the design of effective measures to equalize such treatment Zack s theory of applicative justice offers a revolutionary reorientation of society s pursuit of justice seeking to undo injustice in a practical and fully achievable way

Media Today Joseph Turow, 2016-10-04 Media Today uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world Through the convergence lens they learn to think critically about the role of media today and what these changes mean for their lives presently and in the future The book s media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From newspapers to video games and social networking to mobile platforms Media Today prepares students to live in the digital world of media

The Lure of the Beach Robert C. Ritchie, 2021-05-11 A human and global take on a beloved vacation spot The crash of surf smell of salted air wet whorls of sand underfoot These are the sensations of the beach that environment that has drawn humans to its life sustaining shores for millennia And while the gull s cry and the cove s splendor have remained constant throughout time our relationship with the beach has been as fluid as the runnels left behind by the tide s turning The Lure of the Beach is a chronicle of humanity s history with the coast taking us from the seaside pleasure palaces of Roman elites and the aquatic rituals of medieval

pilgrims to the venues of modern resort towns and beyond Robert C Ritchie traces the contours of the material and social economies of the beach throughout time covering changes in the social status of beach goers the technology of transport and the development of fashion from nudity to Victorianism and back again as well as the geographic spread of modern beach going from England to France across the Mediterranean and from nineteenth century America to the world And as climate change and rising sea levels erode the familiar faces of our coasts we are poised for a contemporary reckoning with our relationship and responsibilities to our beaches and their ecosystems The Lure of the Beach demonstrates that whether as a commodified pastoral destination a site of ecological resplendency or a flashpoint between private ownership and public access the history of the beach is a human one that deserves to be told now more than ever before The Privileged Poor Anthony Abraham Jack,2019-03-01 Getting in is only half the battle The struggles of less privileged students continue long after they ve arrived on campus Anthony Jack reveals how and why admission to elite schools does not mean acceptance for disadvantaged students and he explains what schools can do differently to help the privileged poor thrive Queering the Redneck Riviera Jerry T. Watkins III,2021-07-29 Queering the Redneck Riviera recovers the forgotten and erased history of gay men and lesbians in North Florida a region often overlooked in the story of the LGBTQ experience in the United States Jerry Watkins reveals both the challenges these men and women faced in the years following World War II and the essential role they played in making the Emerald Coast a major tourist destination In a state dedicated to selling an image of itself as a family friendly tropical paradise and in an era of increasing moral panic and repression queer people were forced to negotiate their identities and their places in society Watkins re creates queer life during this period drawing from sources including newspaper articles advertising and public relations campaigns oral history accounts government documents and interrogation transcripts from the state s Johns Committee He discovers that postwar improvements in transportation infrastructure made it easier for queer people to reach safe spaces to socialize He uncovers stories of gay and lesbian beach parties bars and friendship networks that spanned the South The book also includes rare photos from the Emma Jones Society a Pensacola based group that boldly hosted gatherings and conventions in public places Illuminating a community that boosted Florida s emerging tourist economy and helped establish a visible LGBTQ presence in the Sunshine State Watkins offers new insights about the relationships between sexuality capitalism and conservative morality in the second half of the twentieth century **Climate Change and Sea Level Rise in South Florida** Risa Palm,Toby Bolsen,2020-01-01 South Florida is frequently cited as the part of the United State of America as most susceptible to the devastation accompanying sea level rise Several scholarly studies have shown the negative impact of coastal location in Florida on housing values Are the residents of South Florida concerned Is susceptibility to sea level rise actually affecting the housing market in terms of demand the availability of home mortgages or house prices Are people living at particular risk from sea level rise aware of this risk and more open to new information about climate change Do they support policies and laws to

mitigate the pace and extent of climate change Answers to these questions are not only of general interest but they are also key to our understanding of the human dimensions of this problem This book describes the results of a detailed survey in which respondents viewed a local map displaying flooding to their own community that would result from a Category 3 hurricane in 2033 It discusses political party identification and ideology that has an overwhelming impact in shaping views about sea level rise and climate change This book has enormous implications for the effectiveness of communicating risk information The text is important if we as a nation are to design communication strategies that will lead to broader policy to combat or mitigate this risk **Macrotask Crowdsourcing** Vassillis-Javed Khan,Konstantinos Papangelis,Ioanna

Lykourantzou,Panos Markopoulos,2019-08-06 Crowdsourcing is an emerging paradigm that promises to transform several domains creative work business work cultural cooperation etc Crowdsourcing reflects the close knit interplay between the latest computer technologies the rapidly changing work model of the 21st century and the very nature of people The interplay makes for an exciting but at the same time challenging new field to investigate under the lens of a diverse set of disciplines ranging from the technical to the social and from the theoretical to the applied Early research has focused on an aspect of crowdsourcing known as micro tasking Micro tasks are simple tasks like image annotations that anyone could perform An emerging area is how to utilize crowdsourcing to solve problems that go beyond simple tasks towards more complex ones that require collaboration and creativity In juxtaposition to micro task crowdsourcing this book investigates macro task crowdsourcing and its potential *Jayne Cortez, Adrienne Rich, and the Feminist Superhero* Laura

Hinton,2016-03-25 One a lyric confessional poet and essayist the other a jazz spoken word performance artist Adrienne Rich and Jayne Cortez were American feminist superheroes who produced extensive bodies of poetic work that reveal strangely overlapping visions but in radically different voices and poetic styles This book reconsiders the poetry activism of Cortez and Rich side by side engaging poetics theory cultural studies and popular media in its literary analyses A collection of eight integrated chapters by multiple poetry critics as well as an artist statement narrative by Wonder Woman sculptor Linda Stein the book focuses upon the voice of bravado the various calls for global justice and Third Wave feminist intersectional critiques all embodied within these two women s poetic texts The book also examines the twentieth century figure of the American superhero particularly Wonder Woman bringing popular culture studies into conversation with literary criticism as well as visual art through the inclusion of Stein s commentary and illustrations This beautiful and compelling book experiments with the festschrift concept by inviting multiple and competing disciplinary views on U S feminist poetics women s art and aesthetics racial and sexual identities as well as politics and performance all in tribute to the power of poetry by Cortez and Rich **Critical Thinking** Peter M. Nardi,2017-08-15 Critical Thinking prepares students to thoughtfully

interpret information and develop a sophisticated understanding of our increasingly complex and multi mediated world Peter M Nardi s approach helps students sharpen their critical thinking skills and improve their analytical reasoning enabling them

to ward off gullibility develop insightful skepticism and ask the right questions about material online in the mass media or in scholarly publications Students will learn to understand common errors in thinking create reliable and valid research methodologies understand social science concepts needed to make sense of popular and academic claims and communicate apply and integrate the methods learned in both research and daily life A companion website includes links to articles and books mentioned in the chapters illustrative items videos and current news and research that elaborate on each chapter s key concepts

Wonder City Lynn Ellsworth,2025-05-06 Reimagining our cities for a sustainable and human centric future In her groundbreaking book Wonder City Lynn Ellsworth delves deep into the heart of modern urban life casting a critical eye on the transformative changes sweeping through cities like New York This compelling journey into the world of urban development goes beyond the usual narrative serving as a passionate call to action that encourages readers to actively participate in shaping the future of their cities Ellsworth expertly navigates through complex themes such as affordable housing urban planning historic preservation and architecture With a focus on major cities undergoing significant transformations Wonder City offers an insightful examination of the challenges and opportunities that define contemporary urban life At the core of this engaging narrative is a striking critique of the real estate industry s influence over urban landscapes Ellsworth reveals how historic and culturally rich urban settings are increasingly being overshadowed by the rise of impersonal glass towers a trend she argues is driven by the industry s grip on politicians and technocrats This analysis is both eye opening and unsettling shedding light on the forces reshaping our urban environments Wonder City is more than a critique however Ellsworth provides a pragmatic blueprint for revitalizing urban spaces She champions the need for affordable housing sustainable urban planning and architecture that respects and enhances the human experience Her arguments challenge the prevailing economic theories behind housing supply and question the architectural ideologies that often justify the demolition of historic urban assets This book is an essential read for urban planners policymakers and anyone interested in the future of urban living Ellsworth s clear accessible insights into complex issues make Wonder City a vital contribution to the discourse on urban development appealing to a broad audience that cares about the dynamics and future of city life

Focus On: 100 Most Popular American Male Soap Opera Actors Wikipedia contributors, **Stealth Invasion** Leo Hohmann,2023-04-04 Americans are shocked by ongoing news reports chronicling growing chaos in Europe where massive Muslim migration is wreaking havoc on the

continent including horrendous acts of mass terrorism an epidemic of rape and sexual assault against European women and large jihadist rich enclaves where even police are hesitant to enter Yet few realize that America is heading down the same suicidal path As veteran investigative journalist Leo Hohmann documents in *Stealth Invasion Muslim Conquest through Immigration and Resettlement Jihad* an international network of mostly Muslim Brotherhood linked activists has been building its ranks within the United States for more than three decades aided by a U S immigration system seemingly obsessed with welcoming as many unassimilable migrants with anti Western values as possible As a result largely secret plans for major population changes in hundreds of U S cities and towns are already being implemented This transformation is taking place not only in gateway cities like New York Chicago and Los Angeles but in such all American towns as Twin Falls Idaho and St Cloud Minnesota where tensions brought on by the importation of hostile cultures are already causing shock waves As *Stealth Invasion* reveals the Muslim Brotherhood has a well defined strategy for conquering America not necessarily with violent jihadist attacks although we should expect those to increase but through more subtle means collectively called civilization jihad According to the Brotherhood s own documents seized by the FBI civilization jihad involves infiltrating and conquering Western democracies from within The goal is to partner with leftist and anarchist groups such as Black Lives Matter to tear at the fabric of Western civilization and the Judeo Christian values that undergird it Their intent is to use liberal immigration laws to create settlements for Islam in America which in turn become enclaves of non assimilated Muslims who can easily become radicalized by a preacher at a local mosque or by watching a Youtube video posted by an imam in Pakistan Very simply civilization jihad calls for changing a nation by changing its people and its values gradually over time *Stealth Invasion* blows the lid off a corrupt fraudulent program that has been secretly dumping Third World refugees many of them radical on American cities for three decades Readers will meet the people and groups behind this shadowy resettlement network which starts at the United Nations and includes the White House the U S State Department some surprising church groups and corporate honchos involved in everything from investment banking and meatpacking to Florida vacations and yogurt manufacturing Americans have been kept largely in the dark about the radical plans to permanently transform their nation Until now *Stealth Invasion* uncovers how various cities have become refugee hotspots and examines grassroots uprisings where citizens have challenged this secret cabal and won Armed with knowledge of the government s methods for dealing with local resettlement backlash Hohmann provides details on how concerned Americans can most effectively respond The great melting pot that once typified the success of America s immigration system no longer seems to be working The old shared values of God country family and freedom that used to hold the country together are breaking down In *Stealth Invasion* Leo Hohmann shows that the breakdown is no coincidence and it hasn t manifested overnight It s been brewing since the 1980s but is now reaching the point where it is about to metastasize and overtake us all unless it is stopped now
