*What Sponsors Want: An Inspirational Guide For Event Marketers* Mark Harrison, 2020-08-27 This book offers a practical but conceptually grounded view of the future of sponsorship. It is based on the reality that the world of sponsorship marketing is far too focused on impressions, logos, and money; can't buy experiences; experiences which are miraculously secured with money. The author asks questions such as: Do any corporate sponsors really believe that more logos are what their consumers want and do organizations selling sponsorship believe they have nothing more valuable to sell than digital and physical signage? In a culmination of real life experiences, industry learnings, and third party professional research, *What Sponsors Want* provides expert supported arguments to show that the traditional bronze, silver, and gold packages of sponsorship belong to a model of the past. In outlining the conceptual model for successful sponsorship, this book provides five key principles of what sponsors want for you to take on your next sponsorship challenge.

*Day One* Abigail Dean, 2025-03-25 A gripping examination of a community devastated by a school shooting and the truthers who deny it ever happened. Within that story is a girl who's hiding what she knows about what happened that day. A chilling thought provoking read. Brilliant. Shari Lapena, New York Times bestselling author of *Everyone Here Is Lying* and *The Couple Next Door*. A village hall, a primary school, play a beautiful Lake District town in England. Into this idyllic scene steps a lone gunman whose actions set off a chain of events that will have devastating consequences for the close knit community of Stonesmere. In the weeks following the cataclysm, conspiracy theorists start questioning what happened. Two young people find themselves at the epicenter of the uproar: Marty, the town's golden girl and daughter of a teacher killed that day, and Trent, whose memories of his brief time trying to fit into Stonesmere fuel his attachment to the conspiracies. But what really happened at the Day One assembly? What secrets is Marty keeping and what blind spots does Trent miss? In this world where news travels fast and videos and gossip travel faster, how does a community move forward together? Opening with a gripping moment of terror and then jumping forward in time to

show how secrets trauma miscommunications and unrequited feelings reverberate over a lifetime Abigail Dean once again delivers a riveting page turner full of hope in the face of despair Sophie Hannah *The Guardian* **Waiver of Claims** United States. Connor, Joseph White, 2006-08-15 In the parlance of social psychology social work and urban social scientists African American fathers have

often been described as absent missing non residential non custodial unavailable non married irresponsible and immature It is wondered why it is was so difficult to find literature research and comments regarding positive attributes of African American families in general and African American fathers in particular This book fills a void in attempting to offer a broader picture regarding the status of African American males in a father role The purpose is to get beyond the African American father invisibility syndrome and gloom and doom pathology oriented labels and tell another side of the story about the power of fathering in the African American experience The book brings these invisible social and biological fathers to life by telling their stories and letting the reader hear and feel the vibrancy of their voices as they struggle to meet the challenges of being fathers and Black men in America *Black Fathers An Invisible Presence in America* is divided into four sections Part I offers some research and theory regarding the impact of fathers on the lives of their children In Part II reactions and experiences from those men who had active involved and committed Black men in their lives as they were growing up are shared In Part III stories are shared from African American men who had problematic relationships with their fathers but who put forth the time energy and effort to work through the issues The primary focus of Part IV is on how to strengthen the role of Black fathers father figures and social fathers in family life and child rearing by discovering and internalizing psychological strengths anchored in African American psychological themes African values and spirituality This book will appeal to scholars and researchers in the fields of race ethnic relations family studies and Black studies

and skyrocketing personnel costs shadow work has taken a foothold in our society Lambert terms its prevalence as middle class serfdom and examines its sources in the invasion of robotics the democratization of expertise and new demands on individuals at all levels of society The end result A more personalized form of consumption a great social leveling pedigrees don't help with shadow work and the weakening of communities as robotics reduce daily human interaction Shadow Work offers a field guide to this new phenomenon It shines a light on these trends now so prevalent in our daily lives and more importantly offers valuable insight into how to counter their effects It will be essential reading to anyone seeking to understand how their day got so full and how to deal with the ubiquitous shadow work that surrounds them
